Tip....How to Remove creases from Leather: In most cases, you can remove wrinkles by using your hand and straightening out the skin. For major wrinkles, you can use a household iron. This is done by preheating the iron to 60-80 degrees Fahrenheit. Place a damp cloth over the skin and carefully iron the cloth. (To be safe, try this on a small corner before you continue with the rest of the skin).

Many people have heard about the Rit Dye. The difference between the Rit Dye and this protein dye is this: The Rit dye works best when used on synthetic products such as clothing or fabric. **The protein dye works best when used on “real” natural products such as quills, feathers, tails, or fur.** The Rit dye will also work on these types of products, but the protein dye will produce brilliant, more vibrant colours. It will not fade or bleed because the dye bonds to the proteins in the natural products and sets with acid (household vinegar). The Lady Amherst tippets, the guinea fowl feathers, and the saddle hackles were dyed with this protein dye.

The earrings (Shown on the left) were made using the Lady Amherst and Guinea fowl feather tippets coloured with the protein Dye. They were made by Henry Gill from Mountain Man Creations.

MANITOBAH MUKLUKS

MOCCASINS AND MUKLUKS

When choosing a size for your moccasins or mukluks, get your normal shoe size. If you are a half-size, size down.
They should, however, fit snug as they will stretch. For mukluks with the Vibram™ sole, it is recommended to go down 1 full size.

Vibram™ is the world leader in high - performance rubber soles. The soles are designed to withstand the effects of cold and high-abrasion environments. Vibram used 70 yrs of history and a rugged TC1 compound to provide a durable, low-profile sole that could also serve as a canvas for an Aboriginal story. The sole was created by Heather Steppler to honour First Nations traditions.

HOW TO CARE FOR YOUR MUKLUKS AND MOCCASINS

Protection: Use a silicon based leather/suede protector. Do not spray fur as it contains natural protective oils
To Clean: Leather can be cleaned using a gentle soap and soft brush.
To Dry: Once wet, allow your footwear to dry naturally.
Wear: Never pull fur when putting on or removing boot as it may tear.

HOW TO CUSTOM FIT YOUR CREPE SOLE

Crepe is a natural material that forms to the shape of your foot. To encourage the rubber to form faster, heat soles with a blow dryer until soft and flexible (approx. 10 minutes). Then wear your mukluks or moccasins as the crepe sole cools off.

Trehalose (TREHA™) Sweetener - 1 kg

(Cat#: BSFLAVTREHA1KG) - Approved for use in Canada in 2005, this relatively unknown nutritive sweetener is a great way to improve the taste and appearance of sausage and meat products. It eliminates that "freezer flavour" after freezing. Trehalose is a natural sweetener and anti-oxidant that is half as sweet as sugar. It will take the "wild" out of game, "fishy" out of fish and "fowl" out of turkey sausage. Use 6 oz. for 25 lbs. of meat or 1½ teaspoons per pound. Use with fresh and cured sausages. Add with seasoning and water or directly blend with the meat. A small amount of trehalose in foods has a very protective function where it has more benefits than just enhancing taste, being tooth friendly, and serving as a very healthful sugar. Trehalose is fully caloric, has no laxative effects and after ingestion is broken down in the body to glucose. It has a moderate glycemic index with low insulinemic response. Trehalose can help increase the water-holding capacity in cooked meats including poultry, beef and pork. It can also protect meats from protein deterioration and increase gel strength as well as stability.....**$21.80 each. Buy 6 or more and pay only $17.95 each.**

Canada No. 1 White Creamed Honey - 1 kg

(Cat#: BSHONEY) - Smooth, soft and easily spreadable with a mild delicate flavour, this clover/alfalfa varietal, unpasteurized honey is produced in the heartland of the Alberta prairie. Great on sandwiches or try it as a fresh ingredient in your next Honey Garlic Sausage (think pepperoni!) or marinade and taste the difference! .....**$12.65 each.**

Electric Sharpeners & Accessories

(F) Worksharp Knife & Tool Sharpener (Cat#: BSSHARPENER) - The first knife sharpener designed to sharpen every knife you own. Professional knife makers use flexible belts to put a razor sharp edge on their blades, and now you can have the same technology at home! You may already have other sharpening methods, but never before has a knife sharpener been able to quickly and easily sharpen this broad range of knives to such extremely sharp results. Using flexible abrasive belts, this sharpener is able to sharpen not only straight bladed knives, but also curved knives, serrated knives, gut hooks, fillet knives, tanto blades and virtually any other shape of knife blade. Using precision angle sharpening guides, the Worksharp Knife & Tool Sharpener ensures you get the proper angle each time. Two guides are included: a 50-degree guide for hunting and outdoor knives (25 degree per bevel) and a 40-degree guide for thinner blades and kitchen knives (20 degree per bevel). This combination of precision guides and flexible belts lets you sharpen your blade to hair shaving results with ease, speed and consistence. This is the fastest and easiest way to get your knives as sharp as you need them to be. The Work Sharp Knife & Tool Sharpener is also able to sharpen other common tools including scissors, axes and hatchets, mower blades, garden shears, shovels, and most any tool with a blade. Stop putting up with dull knives and time-consuming sharpening methods! The versatility of the Knife & Tool Sharpener makes it an invaluable tool for keeping all your blades in razor sharp condition and ready whenever you need them**.....$122.50 each.**

Chopping Blocks

Crafted from hard sugar maple, whose natural enzymes do not support bacterial growth ,these high quality, 100% Canadian-made chopping blocks not only look great, but if properly maintained, will last a lifetime. These durable chopping blocks are easy on knife edges and are designed to handle heavier chopping than standard cutting boards. Their "self-healing" properties prevent knife marks from appearing. Finished with CFIA approved mineral oil.

The Great Meat Cookbook. Everything You Need to Know to Buy and Cook Today's Meat (Cat#: BSBOOK21) - Bruce Aidells. In the last decade since the publication of Bruce Aidells's hugely successful The Complete Meat Cookbook, called by the Washington Post "authoritative" and "all-encompassing," the world of meat cookery has changed radically. With the rise of small farmers and the Internet, a more diverse supply is available - not only of beef, pork, lamb, and veal, but also of bison, venison, and goat. Today's shopper confronts a host of bewildering, often misleading labels: "certified organic", "humanely raised", "vegetarian diet" and many more. Whether the cook shops at the local farmers' market or the supermarket, The Great Meat Cookbook is the definitive guide to the new landscape. In sidebars illustrated with color photographs of each cut, Aidells shows how to pick the best steaks, chops, roasts, and ribs. With hundreds of recipes, including "Great Meat Dishes of the World" like Beef Fillet stuffed with Parmesan and Proscuitto; budget-friendly dishes like Melt-in-Your-Mouth Pork Shoulder; speedy dinners like Mushroom-Stuffed T Bone Lamb Chops, and charcuterie and sausage selections, Aidells provides all the information needed for juicy results every time. 640 Pages.....$56.55 each. Buy 6 or more of this or any other title and pay only $48.25 each!

Preserving Wild Foods. A Modern Forager's Recipes for Curing, Canning, Smoking, and Pickling (Cat#: BSBOOK22) - Raquel Pelzel and Matthew Weingarten. Salted sardines with coriander and thyme. Crab apple mostarda. Instant samphire pickles. Speckled tea eggs with star anise and ginger. Dandelion jelly. Pickled chanterelle mushrooms. Blueberry-maple spoon fruit. These and dozens of other inspired recipes from chef Matthew Weingarten show you how to preserve - by curing, canning, smoking, and pickling - a wide range of wild ingredients foraged from the sea, fields, forests, and fresh water. Clear instructions make small-batch preserving techniques easy to learn, from smoking fish to putting up jam, pickling vegetables, and curing meat. Whether you forage in the wild or at the farmers' market, you'll delight in making and enjoying these unique preserves. 256 Pages.....**$33.25 each. Buy 6 or more of this or any other title and pay only $27.60 each!**

500 Wild Game & Fish Recipes (Cat#: BSBOOK23) - Galen Winter. This generous cookbook demonstrates how to use wild game, fish and fowl with many common ingredients to prepare exciting, memorable meals, with emphasis on venison, fish, and game birds. Charcuterie: Revised & Updated - The Craft of Salting, Smoking, and Curing (Cat#: BSBOOK25) - Michael Ruhlman and Brian Polcyn. Charcuterie: Revised and Updated is organized into chapters on key practices: salt-cured meats like pancetta, dry-cured meats like salami and chorizo, forcemeats including pâtés and terrines, and smoked meats and fish. Readers will find all the classic recipes: duck confit, sausages, prosciutto, bacon, pâté de campagne, and knackwurst, among others. The authors also expand on traditional mainstays, offering recipes for hot and cold-smoked salmon; shrimp, lobster, and leek sausage; and grilled vegetable terrine. All these techniques make for a stunning addition to a contemporary menu. Thoroughly instructive and fully illustrated, this updated edition includes seventy-five detailed line drawings that guide the reader through all the techniques. With new recipes and revised sections to reflect the best equipment available today, Charcuterie: Revised and Updated remains the undisputed authority on charcuterie. 320 pages.....**$45.95 each. Pro Smoker 'N Roaster BBQ (Cat#: BSSMHO100SS) - Combines the sophistication of our smoker ovens with the technology of wood pellet grills. Ideal for catering, the BBQ cooks at higher temperatures of up to 400 degrees to smoke and cook all meats. Its heavy-duty frame rests on sturdy casters to offer a portable BBQ ready for transport; easily roll onto a trailer or into the back of a pick-up truck. The Pro Smoker 'N Roaster® BBQ uses very little electricity and can run off of any vehicle with a simple power invertor. Taste and experience the difference.
About Pellets: Pellets are easily obtainable throughout Canada. Halford's supplies only 100% wood, food-grade barbeque pellets specifically produced for use with food (see Louisiana Grills BBQ Pellets section for a wide variety of pellets). Barbeque pellets are made from hardwoods that contain fewer resins and are produced in a controlled process to ensure a food grade product. (Heating pellets, on the other hand, are produced specifically for heat stoves and do not meet food grade requirements.) Barbeque pellets are made by pulverizing hardwood sawdust and extruding to a uniform density through a rotating die under enormous heat and pressure (400 degrees @ 10,000 PSI). Naturally occurring lignin in the wood binds the pellets into their shape. Pellets are then cooled and placed in 20 and 40 lb. bags.
Why Wood Pellets?: FLAVOUR = Wood pellets provide more flavour and offer a variety of flavours ● SMOKE = Wood pellets provide more smoke with more consistency ● HEAT = Heat source is 100% natural wood pellets, no fuel or hot coals etc. ● CLEAN BURNING = Wood pellets produce very little ash with very little creosote build up ● SAFE = Danger of a fire from removing hot ash and embers is eliminated, unlike log burning units.
Specifications: Four 23" x 23" Stainless steel screens ● 14.7 square feet of cooking area (150 lbs. pork butts, 100 lbs. brisket, 80 lbs. ribs or 30 chickens) ● 120 volt, 5 amp, 36,000 BTU burner ● Autostart, solid state electronic control ● 40 lbs. hopper capacity • 0.75 lbs. of pellets per hour at 250°F (over 50 hours of smoke from a 40 Lb. bag or pellets!) ● 18 gauge stainless steel exterior ● 18 gauge stainless steel interior ● 850°F spin glass insulation ● Weight: 464 lbs. ● NSF Listed ● Overall Dimensions: 45" wide x 26" deep x 62" high ● *Available option: Digital Wireless BBQ Thermometer.....**$6,378.85 each.**

"It's all about flavour!"

Bradley Smokers

The Bradley Smoker is a unique smoke house, sold complete with its accompanying smoke generator, in which flavour bisquettes are burned for 20 minutes each so that the temperature does not fluctuate, thus eliminating the high temperature gases, acids and resins that can distort the flavour of smoked food. It is light enough to carry and is about the size of a small fridge. The Bradley Smoker makes clean tasting food without any aftertaste. While other smokers need to be tended constantly, the Bradley automatically produces clean, cool smoke for up to 8 hours safely and without intervention. Additionally, using the independently controlled internal heating element the Bradley Smoker will also hot smoke, or may be used simply as a slow cooker or slow roasting oven. The low temperature cooking environment is perfect for any smoking project and the infrared heater source is also particularly well- suited for drying fruits.

(A) 6 Rack Digital Smoker (Cat.#: BSBRAD108SMOKER) - The benefits of digital technology now allow you to completely control temperature, time, and smoke so you can decide how much smoke you want, how long your food is going to be smoked for, and at what temperature. (G) Cold Smoker (Cat.#: BSLGCOLDSMKBX) - The Cold Smoker attachment is a great new addition to any CS-420, 450, 570 and 680. With the cold smoker you can now smoke and cure your meat before cooking on the grill. The idea is to impart smoke flavour on fish, game or cheese before it is cooked or while it is curing. The cold smoking process should be done on cooler days or evenings when the temperature is cooler outside. Temperature range is below 90 degrees Farenheit.**.....$438.90 each.**

(H) Louisiana Grills BBQ Pellets (40lbs.)

Made of 100% natural hardwoods and containing no artificial flavours, spray scents, glues or chemicals, Louisiana Grills BBQ Pellets are held together with the natural lignin's found in the wood and burn hotter and cleaner than other types of wood pellets. Raw wood material is sourced from across the country to make a superior BBQ pellet. Grilling with wood pellets will add competition and restaurant quality to your grilling experience. Once you've tasted the fine flavours of Louisiana Grill pellets you'll never go back to charcoal or gas again! ***40 lb. Bag.....$30.80 each.***

Cat.#	Item Name	Description
BSLGPELMAPLE40	Minnesota Maple	A 100% East and Northeast blend. Mild with a hint of sweetness. Used as a majority blend with other flavours
BSLGPELALDER40	Washington Alder	100% Pacific Northwest. Mild with a hint of sweetness. Used for over 100 years for cooking or smoking salmon
BSLGPELAPPLE40	New England Apple and Maple Blend (40/60)	Smoky, mild sweetness flavour. Highly recommended for baking
BSLGPELCHERRY40	Pennsylvania Cherry and Maple Blend	Slightly sweet but also tart. Gives a rosey tint to light meats.
BSLGPELCOMBLND40	Competition Blend (50% Maple / 25% Hickory / 25% Cherry)	A perfect blend of sweet, savory & tart. Used by many professional "Pitmasters".
BSLGPELHICK40	Wisconsin Hickory and Maple Blend (40/60)	Rich, smokey bacon-like flavour. Considered the "King of the Woods".
BSLGPELMESQ40	Texas Mesquite and Maple Blend (35/65)	Strong, tangy, spicy flavour. Think Tex-Mex cuisine.
BSLGPELPECAN40	Georgia Pecan and Maple Blend (40/60)	Delicate southeast flavour. Smokey, Bacon-like flavour, similar to Hickory but not as strong.

Why Louisiana Grills?

Reinforced Lid
The lid is reinforced with steel ribs welded to the underside of the lid. Because a Country Smoker will get 200 degrees hotter than a Chinese pellet grill, the lid is reinforced to hold the rolled shape of the lid and maintain a tight seal.
Hidden Hinges
Having hinges on the inside of the grill will not only give the grill a much cleaner look, but it will also give you a tighter seal to keep heat and smoke inside the smoker.
Dupont Powder-Coat Finish
Dupont is the leader in high-temp outdoor powder coat finishes. Not all pellet grills need high-temp powder-coat because they do not reach true grilling temperatures.
Heavy Stainless Steel Burn Grate
The stainless burn grate is built heavy enough to last for many years. The grate is designed to produce great smoke on all heat settings and large enough to hold the amount of fuel needed to reach True Grilling Temperatures. You will never want to use your gas grill again because the large burn grate will allow you to reach gas grill temperatures with fantastic wood flavor.
Chimneyless Design
Country Smokers do not have chimneys. The primary advantage of cooking with wood is the great flavor that the smoke adds to the food even when grilling a 12 minute steak. Country Smokers are designed to force the smoke to flow around the food and linger prior to exhausting out the small holes on the back of the grill. When chimneys are added, a vacuum is created pulling the smoke away from the food which concentrates the smoke only on the chimney end of the grill.
Shelf works on both Front and Side
The shelf will mount on both the front and side of your Country Smoker. The shelf comes in both Black and Stainless Steel. This shelf will give you an extra 180 square inches of room to hold your platter of ribs, sauces, rubs, spices and has tool hangers.
Heavy Duty Construction
Country Smokers are built with the proper gauge steel for the job. When you lift the lid or move the grill, you'll feel how solid this grill is built.
Standard Thermometer
Dome thermometers are not optional. The thermometer comes standard so you will never be left guessing what temperature the grill is at.
Heavy Duty Handle
Whether you are pulling the grill around the barbecue competition circuit or just using it on your back deck; Heavy-duty features, like the handle, will make you a proud Country Smoker owner for years.
Leveling Legs
These allow you to easily level the grill on an uneven deck or patio surface.
Grease Bucket
The grease bucket is hidden from view under the grill.
Standard Bottom Shelf
The bottom shelf not only provides extra storage space for your grilling gadgets, but it also prevents the shaky leg syndrome that you have likely experienced on other grills.
Heavy Duty Legs
The legs are already tapped and ready to add an optional cabinet kit to enclose the bottom.
Convection Cooking
There is no need for a rotisserie on a Country Smoker. Country Smokers have significant airflow around the food like a convection oven – The food is cooked from all angles at the same time. This airflow seals the outer layer of the meat which locks in the moisture. You can cook the juiciest, most flavorful Thanksgiving Turkey you have every eaten.
Warranty
All of the electrical components come with a 5-year warranty. This is not a $150 upcharge or gimmick – this is standard. Most of the components are sourced from US suppliers.

Outdoor Cooking Equipment, Tools & Accessories

(A) The Big Easy® Oil-less Infrared Turkey Fryer (Cat.#: BSBIGEASYITF) - Char-Broil's infrared oil-less turkey fryer is the safe way to fry your turkey. Because it uses NO oil, it's healthier, too. Prepare your turkey with the same injectable marinades or brines you already use, or use seasoned rubs on the outside, which is not an option with traditional fryers. Cooks a turkey from start-to-finish just as quickly as oil-frying without the messy clean-up. The infrared heat circles the cooker to penetrate the meat evenly and seal in juices. The result is a bird that's moist inside and crispy outside but without the risk, hassle or added fat and calories of oil. Safely cook a turkey (up to 16 lbs.) or chicken in about 8 to 10 minutes per pound. Roasts and most other large cuts of meat cook for slightly longer. The Big Easy® includes a cooking basket, basket lifting handle, and meat thermometer and features: Enclosed burner design with 16,000 BTU's * Rotary Ignition * Cool-touch handles * Pull-out grease tray * Stainless steel cooking chamber**.....$167.30 each.**

(B) Gas-Chek Propane Level Indicator (Cat.#: BSPROPGC01) - Never run out of gas while cooking again! For all propane appliances with a standard connection. Easy to use; easy to connect. Perfect for camping, boating and outdoor cooking. Protects your family and property - the emergency flow limiter goes into action in the event of a major leak**....$34.45 each. Buy 6 or more and pay only $29.35 each!**

(C) Chefmaster™ 31 Pc. Stainless Steel Barbeque Tool Set (Cat.#: BS31PCBBQSET) - Includes spatula, tongs, fork, knife, grill brush, basting brush, 6 skewers, 12 corncob holders, and 6 steak knives. (D) Smokehouse Burner (Cat.#: BSSMBU) - Single burner with 110 Volt tubular heating element. Lifts up for easy cleaning of chrome drip pan. Fully adjustable temperature control. **Specs:** Electrical - 120V, 1000 Watts. Dimensions - 3"x11-1/2"x11-3/8" * Element diameter - 5-1/2" * Drip Pan Diameter - 7-3/16"**.....$53.60 each.**

(E) Home n' Away™ Portable Stove & Butane Fuel (Cat#: BSBURNER) - Great idea as a heating element for a portable smoker! High Output 9800 BTU portable stove is ideal for use during tailgating, barbecues, emergency power outages, catering, camping, boating, hunting, fishing and more! Advanced piezo ignition system improves reliability. Exclusive automatic shut-off system for heightened safety. Heavy gauge steel body construction. Cast aluminum burner will not corrode. Enamel exterior for fast and easy clean-up. High efficiency - up to 2.5 hours on single canister of butane. Backed by manufacturer's exclusive lifetime replacement guarantee**...$34.75 each. Buy 6 or more and pay only $30.35 each!**

(F) Induction Countertop Cooker (Cat#: BSINDUCTCOOKER) - Faster and more energy-efficient than traditional electric cooking surfaces, induction cooking allows instant control of cooking energy similar to gas burners. Where other cooking methods use flames or red-hot heating elements; induction heating heats only the pot. Because the surface of the cook top is heated only by contact with the vessel, the possibility of burn injury is significantly less than with other methods. The induction effect does not directly heat the air around the vessel, resulting in further energy efficiencies. Features 1500 watts, sensor control panel and digital readout. Measures 15" x 2-5/8" x 12-3/4". Limited 1 year warranty. *Note:* requires induction compatible cookware (such as the set shown on the following page to function properly**.....$126.90 each!**

(G) Rib & Potato Rack (Cat.#: BSRIBRACK) - Holds ribs vertically for even cooking; skewers potatos and corn. Cooks from inside & outside, reducing the cooking time. Great for use in smokers, grills or ovens. Dishwasher safe. Holds up to 5 full racks of ribs and 6 potatos.12" x 3-3/4" x 7-1/4" deep chrome plated rack**....$16.55 each.** Buy 6 or more and pay only $13.55 each!

(H) Seal-n-Soak Cedar Grilling Planks (Cat#: BSPLANKS) - Grilling on cedar planks is an easy way to infuse an unmatched lush, smoky, aromatic flavor to fish fillets (most notable salmon). (M) 3-in-1 Grater (Cat#: BS3N1GRATER) - This convenient multi-purpose kitchen tool will grind fresh herbs, grate whole cloves of garlic and shred cheese and chocolate with a simple twist of your wrist. Features 3 sets of blades, one for each function, that store in the detachable plastic compartment at the bottom of the unit. Its dual rotary action prevents food from becoming lodged between blades and allows for faster grating, without the constant worry of exposed blades and finger cuts. The oversized handle is ergonomically designed and silicone coated for easy gripping. The entire unit is top-rack dishwasher safe. To grate herbs there are two blades that work to prevent pulverizing leafy herbs into a ground paste, as is the case with some other herb grinders. The dual rotary actions work to tear and shred leaves smoothly. Grinding garlic can be a messy task that leaves everything scented with its potent odor, but the 3-in-1 grater holds up to 4-5 heads of garlic, so it is large enough to fit enough garlic necessary for any recipe. The shredding/slicing blade is unique in that with just the turn of the wrist it transforms from a shredder (by turning clockwise) to a slicer (by turning counter-clockwise). It becomes less of a chore to have freshly grated cheese for soups and salads or finely chopped nuts and chocolate for dessert toppings. Anything you could do with your standard hand grater you can do with the 3-in-1 grater, but with less mess and in a single transparent container with convenient side measurements. This is one grater that that will quickly become your go-to kitchen assistant**.....$32.95 each. Buy 6 or more and pay only $27.55 each!**

Vacuum Sealing Machines & Parts

(A) VacMaster® VP112 (Cat#: BSVAMAVP112) - Vacuum package soups, stews and liquid rich food! The VacMaster® VP112 Chamber Machine takes traditional commercial technology and transforms it to fit your home. The VP112 has a sleek, low-profile design, making it easily manageable and countertop friendly. With commercial chamber technology, the home kitchen enthusiast or recreational chef can use the same technology that professionals have been using for years. With this machine, you can vacuum package anything, including liquids! The VacMaster® VP112 Chamber Machine is so simple and fun; it will have you searching your house for things to vacuum package! How does the chamber machine work? When sealing with a chamber machine, the vacuum pouch is placed inside the chamber and the lid is closed. Air is sucked out of the entire chamber, not just the pouch itself, allowing air pressure on both the inside and outside of the pouch to remain equal and liquids to stay inside the pouch. After the air has been removed, the pouch is fully sealed and air is returned back into the chamber. It's simply amazing to see firsthand! The VP112 accepts chamber pouches up to 12"wide x 14" long. **Includes:** 40 - Assorted Vacuum Chamber Pouches ● Accessory Hose ● User Manual/Quick Start Guide. **Features:** Commercial chamber technology ● 12" x 11" x 5" chamber size ● New compact size with low profile design ● Digital control panel ● Easy-to-read pressure indicator ● Patented, retractable 12" seal bar * Stainless steel body ● Accessory port for vacuum canisters. ***Note: Chamber machines only accept chamber pouches for packaging*****.....$1,020.80 each.**

(C) Cheese Primer (Cat#: BSCHSBOOK3) – Steven Jenkins is our foremost cheese authority--in the words of The New York Times, "a Broadway impresario whose hit is food." Now, after years of importing cheeses, scouring the cheese-producing areas of the world and setting up cheese counters at gourmet food shops, he's decided to write it all down. Full of passion, knowledge and an expert's considered opinions the cheese primer tells you everything you need to know about the hundreds of cheeses that have, in the last few years, become available in this country. Region-by-region, he covers all the major cheeses from France, Italy, Switzerland--the top tier of cheese-producing countries--plus the best of Britain, Ireland, Spain, the United States, Austria, Germany and other countries. Along the way he tells how to pick out a healthy Pont l'Eveque; why to reconsider the noble Fontina for more than just cooking; how to avoid those factory-made chevres; why to seek out the sublime Vacherin Mont d'Or; & how to start exploring--Bleu de Bresse, Cabrales, Crottin de Chavignol, & so on. A complete primer, it includes information on the best ways to store & serve cheese, including which wines to serve alongside them; how to orchestrate a proper cheese course; & the non-importable cheeses to look up when abroad. 576 pages. **....$32.35 each. Buy 6 or more of this or any other title and pay only $27.70 each!**

(D) DVD – Home Cheesemaking (Cat#: BSCHSDVD1) - Margaret Morris. Watch a pro as she shares her knowledge and experience on cheese making as well as her favourite recipes for feta, camembert, gouda and cheddar. A great reference for the home cheese maker. Loaded with home cheesemaking tips and techniques that simplify the process so you're guaranteed to be an expert too. A printout of all the recipes is also included (125 minutes)**.....$61.20 each. Buy 3 or more and pay only $51.95 each.**

Cheese Cultures

Choozit MA 4001 (Cat#: BSCHS50430) - Used for a variety of hard and semi-hard cheeses including Roquefort, Cambozola, Castello Blue, Colby, Cheddar, Gouda and Brick cheeses with all types of milk. Can be used to make Camembert and Brie. **25 DCU.....$28.90 each. Buy 6 or more and pay only $24.25 each!**

Choozit MA 11 (Cat#: BSCHS50406) - Recommended for American-type cheeses: Cheddar, Colby, Monterey Jack, Cottage Cheese. **50 DCU.....$21.70 each. Buy 6 or more and pay only $18.95 each!**

Choozit Feta A (Cat#: BSCHS11390063) - Specially-formulated freeze-dried culture blend for the manufacture of Feta cheese. Medium fast to fast acidifying culture with no gas production (citrate fermentation). **100 DCU.....$34.65 each. Buy 6 or more and pay only $31.20 each!**

Choozit P. Roqueforti PV 10 D (Cat#: BSCHS13930073) - Rapid growth blue mould culture with strong proteolytic and lipolytic activity and strong tolerance to salts. Cheeses produced with P. Roqueforti PV have an intensive dark blue-green marbled interior, piquant aroma and a very good, creamy consistency. Can be used for blue mould cheese such as Roquefort and strong Gorgonzola. Enough for 10 doses**.....$63.55 each. Buy 6 or more and pay only $55.45 each!**

Choozit TA 50 (Cat#: BSCHS50498) - For hard, Italian & Swiss cheeses: Parmesan, Romano, Provolone, Mozzarella Emmental/Swiss. **125 DCU.....$48.50 each. Buy 6 or more and pay only $43.90 each!**

Choozit ALP (Cat#: BSCHS11203063) - This culture is used to make alpine cheeses like Swiss and contributes to the eye formation in cheese. **100 DCU.....$34.65 each. Buy 6 or more and pay only $31.20 each!**

Choozit MM100 (Cat#: BSCHS50435) - An all-purpose mesophilic culture for soft ripened, and fresh (unripened) cheeses: Brie, Camembert, Havarti, Gouda, Edam, Feta, Blue & Chevre. It is used with brie as a base culture (combined with PC cultures as noted on next pg.). **50 DCU.....$18.95 each. Buy 6 or more and pay only $16.75 each!**

Choozit MD 89 (Cat#: BSCHS50478) - Used in combination with other cultures to enhance the flavour in fresh cheeses and soft ripened cheeses: Brie/Camembert, Chevre, Blue etc. This culture is not normally used just by itself as it will not produce enough acidity in the cheese. This culture is used to enhance flavour (buttery) and produce some small eyes in cheese such as in Edam or Havarti. **125 DCU.....$34.65 each. Buy 6 or more and pay only $31.20 each!**

Choozit PC Neige (Cat#: BSCHS50160) - Produces the white mold that appears on 'bloomy rind' cheese such as Brie and Camembert. Enough for 10 doses**.....$22.65 each. Buy 6 or more and pay only $18.60 each!**

Propionic Bacteria Culture (Cat#:BSCHSPROBAC) – CO_2-producing bacteria for the eye development of Alpine type cheeses such as Emmental, Gruyère and Comté. The bacteria releases the CO_2 gas as it digests the curd early in the cheesemaking process, and as the cheese hardens the gas bubbles produced become permanent holes**...$32.35 each. Buy 6 or more and pay only $27.70 each.**

Brevibacterium Linens Culture (Cat#: BSCHSBACLIN) - Also known simply as "B. Linens", this strain of corynebacteria is used to develop the red rind found on certain washed-rind cheeses like Muenster, Limburger and Port-du-Salut. It also develops the associated unique flavours and aromas which are imparted from the outside to the inside of the cheese. It can be added to the milk with the starter culture, or used in a washing brine**.....$48.50 each. Buy 6 or more and pay only $41.60 each.**

Note: What is a DCU? It stands for Danisco Culture Units and is a unit of measure for a specific number of bacteria. To find out how much milk each culture pouch is good for: Take the DCU number and multiply by 10. This will give you the amount of Liters it is good for. For example, a 25 DCU culture will inoculate 250 liters of milk. This may sound like a lot, however, the home cheesemaker uses just a pinch (1/16 – ¼ tsp.) per batch. Halford's stores Cheese and Yogurt cultures frozen at -18 °C (or lower). Cultures are shipped in an insulated envelope with a frozen gel pack. Halford's strongly recommends keeping cultures frozen until ready to use. The cultures can be stored for up to 2 years.

Yogurt Cultures

These freeze-dried concentrated lactic starter cultures are for direct milk inoculation. Direct milk inoculation means you cannot make a mother culture with this starter, but you can use a Tablespoon of your yogurt from your first batch to inoculate the next batch... and you can do this a couple of times.

Danisco - ABY-2C Thermophilic Yogurt Culture Large LYO 375 DCU (Cat#: BSCHSM86ABYB) - Makes the best probiotic yogurt! Recommended for: Yogurt - sweeter and thicker variety of yogurt! Rate of Use: 1/16 tsp. for 2 liters of milk, for 20 doses. This whole bottle will make 2500 L (1000 gal) of yogurt if used at once**.....$99.30 each. Buy 3 or more and pay only $83.95 each!**

Yo-mix 611 LYO 375 DCU (Cat#: BSCHSM86ABY611B) - This is a Greek style yogurt; thick and lovely results. Recommended for: Yogurt - sweeter and thicker variety of yogurt! Rate of Use: 1/16 tsp. for 2 liters of milk, for 20 doses. This whole bottle will make 2500 L (1000 gal) of yogurt if used at once**.....$110.20 each. Buy 3 or more and pay only $93.70 each!**

Yo-mix 215 LYO 100 DCU (Cat#: BSCHS11389063) - This is a very popular yogurt that combines probiotic strains to give a mild flavour that kids like. Rate of Use: 1/16 tsp for 2 liters of milk, for 20 -25 doses. This package will make 1000 L (250 gal) of yogurt if used at once**.....$54.60 each. Buy 6 or more and pay only $45.95 each!**

Yo-mix 401 LYO 50 DCU (Cat#: BSCHS11381062) - A general all-purpose yogurt culture that is affordable and easy to make. Rate of Use: 1/16 tsp for 2 liters of milk, for 20 doses. This package will make 500 L (100 gal) of yogurt if used at once**.....$22.95 each. Buy 6 or more and pay only $19.45 each!**

Note: Depending on the season and variations in milk, we do recommend the addition of skim milk powder from time to time if you enjoy a very thick yogurt. You would add approximately 100 g skim milk powder for a 2 L batch.

Assorted Cheesemaking Additives & Supplies

(A) Rennet Tablets – Microbial (Cat#: BSCHSRENNET10) - Designed for use in small volume cheese making to coagulate milk and to produce excellent quality cheese. Each tablet is uniform and scored, allowing for easy division and the most economical usage. ¼ of a tablet is used for 4L to 8L of milk. Contains no animal products. Can be used for vegetarian, kosher or halal cheese production. 10 tablets per package**.....$7.25 each. Buy 6 or more and pay only $5.85 each!**

(B) Liquid Calf Rennet (Cat#: BSCHSRENNETLIQ120) - Contains many milk coagulating enzymes causing separation into solids (curds) and liquid (whey). The active enzyme in rennet is called Chymosin of which this product contains 90% (120 ml)**.....$24.25 each. Buy 6 or more and pay only $20.35 each.**

(C) Calcium Chloride - 455 g (Cat#: BSCALCHLOR) - Used when making cheese from homogenized, pasteurized or frozen milk to help restabilize milk structure and hasten curd set. Can also be used at certain times of the year, when firm curd is hard to obtain due to changes in animal diet and stage of lactation**.....$5.20 each. Buy 6 or more and pay only $4.20 each!**

(D) Tartaric Acid - 227 g (Cat#: BSTARTARICACID) - Lowers pH, helping to prevent spoilage from "bad" bacteria. Acts as a preservative after fermentation. Used in making Marscapone cheese**.....$11.95 each. Buy 6 or more and pay only $9.95 each!**

(E) Citric Acid - 455 g (Cat#: BSCITRICACID) - To be used as an acidifier instead of cheese cultures when making the quick version for Mozzarella cheese or to replace vinegar or lemon juice when making Ricotta. Can also be used in conjunction with specific bacteria to produce diacetyl (which imparts a pleasant buttery aroma and flavour) and carbon dioxide (for the formation of small eyes, especially in Dutch style cheeses like Gouda) Rate of use: 2 teaspoons per 4 liters (1 gallon) milk**.....$19.35 each. Buy 6 or more and pay only $16.75 each!**

(F) Lipase Powder (Cat#: BSCHSLIPASE500G) - Replaces enzymes destroyed in the milk pasteurization process. Promotes the release of fatty acids creating the notable aroma, texture and sharpness desired in most Italian cheeses, as well as some Blue and Feta cheeses. The product is freeze-dried, and supplied as a water soluble powder (500 g) **.....$65.85 each. Buy 6 or more and pay only $55.45 each!**

Cheese Salt - Draws moisture from curd, hastens aging and imparts considerable flavour. Dissolves easily and doesn't cake up. Non-iodized. Available in fine and coarse. Order by catalogue number as follows: **(G) Fine (Cat#:BSCHSSALTF8OZ) .....$5.95 each. Buy 6 or more and pay only $4.60 each!**
(H) Coarse (Cat#: BSCHSSALTC8OZ) .....$6.95 each. Buy 6 or more and pay only $5.80 each!

(J) Annato (Cat#: BSCHSANNATTO) - Cheese colourant made from Annatto seeds, triple strength. Will tint cheese milk or butter cream for a finished yellow or orange coloured product. Rate of use: 0.5 to 2 ml/100 L milk**.....$11.95 each. Buy 6 or more and pay only $10.35 each.**

(K) Aging/Ripening Mat (Cat#: BSCHSMAT11X17) - These cheese mats are used for air drying and aging cheeses and are easy to cut to your own dimensions. 11" x 17" **.....$11.45 each. Buy 6 or more and pay only $9.55 each!**

(L) Cheese Cloth (Cat#: BSCHSCLOTH2Y) - Use to drain curds, line hard cheese molds and bandage your cheeses. Re-usable. Durable and Lint free. 100% Cotton. 2 square yards. Machine wash in unscented detergent before first use**.....$5.80 each. Buy 6 or more and pay only $4.35 each!**

Cheese Presses

(X) The CheesyPress® (Cat#: BSCHSYPRESS) - Designed for 2 gallon batches and includes a unique pressure regulator at less cost than the least expensive press we have seen without a regulator. Knowing that pressure is the key to making consistently fine cheeses, bricks and water buckets are just not reliable enough. Too much pressure and the cheese turns out too hard and dry. Not enough pressure and the cheeses end up being too soft and subject to spoilage. In our research, we discovered that wood products have no place in a cheese press. They absorb water, warp, expand and are impossible to keep sanitary. The CheesyPress® is all plastic and stainless steel. One problem with some presses is that cheese tends to ooze out the bottom of the hoop when applying pressure on presses that have no means of clamping the hoop down. The CheesyPress® allows the hoop to be securely clamped down before pressure is applied. The cheese slides easily from one end to the other when flipping the hoop and follower**.....$122.95 each. Buy 3 or more and pay only $103.40 each!**

(Y) The CHEESYPRESS II® (Cat#: BSCHSYPRESS2) - For larger batches, the CHEESYPRESS II will accommodate the curds from a 5 gallon batch. It is 6" inside diameter and 8.5" tall and pressure is based on a 100 lb. spring**.....$195.80 each. Buy 3 or more and pay only $167.95 each!**

(Z)The SEESYPRESS® (Cat#: BSCHSYPRESSCLR) - For the cheesemaker who wants to see what's going on in the press and, we offer a slightly smaller, but transparent version of the CHEESYPRESS®. The inside diameter is 3-3/4" instead of the standard 4"**.....$172.95 each. Buy 3 or more and pay only $145.50 each!**

(A1) Cheese Wax

Paramelt "Specerit" Cheese Wax - Intended to coat different types of hard cheese to retain moisture throughout the aging process and to retard unwanted mold growth during the aging process. Applied by dipping or brushing. Specifications - Hardening temperature: 60-66°C ● Firing temperature: 241°C ● Waxing temperature: 95-115°C ● Water content: 1.5%. (1.5 kg)**.....$22.30 each. Tor-rey Refrigeration - Vertical Display Coolers/Freezers

Encourage more sales with an attractive exhibition. Tor-rey vertical display coolers (R Models) & freezers (CV Models) require no special installation. Just plug it in and it's ready to go. No drain or plumbing needed. Thanks to its refrigerant system, insulation and the triple pane glass on the doors, these units guarantee big savings on energy. The environmentally friendly refrigerant used is CFC-free which doesn't damage the ozone layer. "R" Model Coolers and "CV "Model Freezers units feature a corrosion-resistant white finish, stainless steel floor for sanitary operation, self-closing doors, adjustable shelves, automatic defrost cycle, forced air cascade system, illuminated display and frontal access for easy maintenance. "CS" Freezer Models feature stainless steel construction inside and out.

Belisle Body Grip Traps

Quickly gaining in popularity, these traps are getting the attention of many high profile trappers for their quality and functional design. These traps are built with stiff on the rod security hooks for added safety. The new patented frame and thinner dog eliminate the need for a double jaw magnum frame, making these traps extremely light. This is solid Canadian craftsmanship at its finest!

Oneida-Victor Conibear® Traps

For more than 40 years, Conibear® traps have been a household name in the industry, favoured by trappers and wildlife managers alike wherever body-grip traps were desired. Developed by Canadian trapper Frank Conibear in the 1950's and improved upon by U.S.-based Oneida-Victor (est. 1852), an industry front-runner, the Conibear® trap defines international trapping standards for quick, efficient and humane dispatch of animals in many wildlife management applications.

Miscellaneous Traps

(A) Livestock Protection EZ-Grip No. 7 Double Long Spring Trap (Cat.#: ACLPCEZ7) - Favoured by Wildlife Control professionals and exclusive to Halford's, the recently A.I.H.T.S certified Livestock Protection EZ-Grip No. 7 scored the highest in recent government tests conducted for international trap standards. These traps are used by researchers who want to capture and release animals with minimum foot damage. The recessed jaws have the capacity for additional rubber inside the jaws to increase the absorption of the initial shock. The configuration of the jaw also prevents the animals from removing the rubber with their teeth. Moving parts are cast from stainless steel, silicon bronze and carbon steel. Under pan tension springs come from the factory with each trap and enable trappers to avoid the accidental capture of smaller non-target species. Trigger dog is handmade from chrome-vanadiam steel. Thick, rounded, offset jaws minimize foot damage and eliminate the need for lamination. These traps are built for the professional trapper and are backed by a "no-nonsense" guarantee. **Specifications** - Jaw Spread: 6-7/8" ● Weight: 2-7/8 lbs. Made in the U.S.A.**....$199.95 each.**

Livestock Protection EZ-Grip No. 4 (Cat#: ACLPCEZ4) - No photo. Same solid craftsmanship as the EZ-Grip No. 7 (see above) but with a 6-3/8" Jaw Spread and weighing 2-3/4 lbs.**.....$149.95/ea.**

(B) Koro Wolf/Cougar Trap (Cat.#: ACKOROWOLF) - New Koro Wolf/Cougar trap, measuring 8.5" x 9" inside diameter; will easily handle any Wolf or Cougar. Made extremely strong yet weighs only 6lbs. Set up with a spring steel round dog for extra strength that's holding the large 3.5" x 4" heavy duty pan. The heavy springs will allow the trap to come up and catch your target animal even after a heavy snow fall. If you're a serious wolf trapper, then this is a trap you will come to appreciate**.....$126.80 each.**

(C) Koro No. 1 (Cat.# ACKORO1) - A.I.H.T.S. certified for Marten. Also great on mink. 6½" X 7" frame, 2 springs**.....$36.30 each. Buy 6 or more and pay only $31.90 each!**

(D) Koro No. 2 (Cat.#: ACKORO2) - A.I.H.T.S. certified for Fisher and Raccoon. 7½" X 8" frame, 2 Springs. (Bait Box shown in photo above sold separately in Body Grip Trap Stabilizers section)...**$41.80 each. Buy 6 or more and pay only $35.20 each!**

(E) Koro Muskrat Trap (Cat.#: ACKOROMUSKRAT) - Recently A.I.H.T.S certified for Muskrat and newly redesigned, this trap measures 5.25"W x 4.5"D x 4.5"H. Also excellent for squirrels of all types as well as Norway rats and animals of similar size. Features a single coil spring as well as a body grip style spring, making it very versatile. It can even be tie-wrapped to a branch to use as a quasi-tunnel trap or in a baited fashion by tying a nut between the bars**...$28.60 each. Buy 12 or more and pay only $25.30 each.**

(F) Tube Trap (Cat.#: ACTUBETRAP) - This quality trap originally designed for mink in the early 80's, is deadly on pesky squirrels. It measures 4.5 inches in diameter and 15 inches in length, and is constructed of 21 gauge steel. The trap is powered by a beefy double torsion spring. The parts are all precision cut by laser so there are no sharp edges to contend with. While it can be baited, it's not always necessary as the trap itself is an attractant. Squirrels want to either run through it or hide in it! When a capture is made, the squirrel is hidden from the public's view. *Note: This is a lethal trap. If you are unable or uncomfortable with employing lethal control methods, please do not purchase this trap**...$45.20 each. Buy 6 or more and pay only $38.30 each.**

(G) 660 Superbear (Cat.#: AC660SUPERBEAR) - The 660 is a 28" wide modified 330 extended with a 1/2" solid rod. Any wide gaps beaver may swim through are now set locations with the 660 Superbear**...$97.00 each. Buy 6 or more and pay only $80.85 each.**

(H) Coon Cuffs (Cat.#: ACCOONCUFFS) - Extremely versatile and very easy to set! Coon Cuffs have been field tested for six years with several trappers recording a 100% catch ratio per tripped trap**....$27.95 each. Buy 6 or more and pay only $23.80 each!**

(J) Lil' Grizz Get'rz Raccoon Trap (Cat.#: ACLILGRIZZ) - Catch big numbers of coon without catching any pets. A super-strong spring loaded, all metal coon trap that sets easily by hand with no tools required**.....$25.00 each.**

(K) Duffer Raccoon Trap (Cat.#: ACDUFFER) - 100% professional quality metal construction. No special tools required to operate. 3 position holding and center swiveling create strong holding power and less animal damage. Double swiveled with drowning lock**....$33.00 each. Buy 6 or more and pay only $28.00 each!**

(L) Sleepy Creek No. 1.5 Long Spring (Cat.#: ACSLPYCRK15LS) - 4.75" Jaw Spread. Two-piece construction, 1/8" thick x 7/8" wide and riveted. Pan Post is welded through the cross. Includes a #1/0 double link chain with one swivel point, ring and drowner. Pan is a 2-piece construction with crimped bolt and nut**.....$17.35 each. Buy 12 or more and pay only $15.25 each!**

(M) Wooden Weasel Box with Trap (Cat.#: ACWEASELBOX) - This wooden weasel box is complete and ready to go. Just add lure/bait to this set up and you're ready to go. Comes complete with plastic pan rat trap. The box is 12" long and 5 1/2" high with a 2" overhang; made out of treated wood for years of use**...$26.95 each. Buy 6 or more and pay only $22.50 each.**

Miscellaneous Trap Modification Parts

More trap replacement parts available online at www.halfordsmailorder.com

(N) Barker's "Coni-pan" for No. 110 and No. 120 Body Grip Traps (Cat.#: ACCONIPAN110-120) - Shown in photo above with Duke 120 (sold separately)**.....$18.50 per dozen. Buy 5 dozen or more and pay only $15.55 per dozen.**

Barker's "Coni-pan" for No. 160 and No. 220 Body Grip Traps (Cat.#: ACCONIPAN160-220)....$19.50 per dozen. Buy 5 dozen or more and pay only $16.25 per dozen.

(P) Body Grip "Bait" Trigger (Cat.#:ACTRIGGERBAIT) - Replaces your regular body grip trigger. Screw a bait stick on and use the bait trigger to set your body grip traps. The trap is triggered when the animal attempts to take the bait stick. Make a bait set anywhere! Primarily designed for larger Body Grip Traps (e.g. 220's, 280's & 330's)**....$3.70 each. Buy 12 or more and pay only $2.95 each!**

(Q) Barker's Mink Pan (Cat.#: ACMINKPAN) - Some mink travel long distances so that many times you only have one chance to catch them. The Mink Pan fastens onto the trap pan to increase the pan size - By using the Mink Pan you greatly increase the chances of the foot hitting the pan. Extensive trapline tests showed that through the use of the Mink Pan, the mink catch increased by 80%. Mink Pan Features: Low Cost * Increased Pan Size Up to 200% * Durable All Steel Construction * Fast Easy Assembly or Disassembly * Increased Competitive Advantage - Fits All Trap Pan Sizes of #1 and #11 Traps**.....$8.40 per dozen. Limited supply. Available only while quantities last!**

(R) Soft Touch Pan Trigger for 110/120 (Cat.#: ACSAUVPAN120) - Secondary pan trigger system is ideal for mink, marten and fisher; can be mounted quite easily on any small body grip trap like the 110 or 120 with a pair of pliers. This trigger also allows on-the-fly repair to a trap with a broken trigger. Being a complete trigger system by itself, it does not require the dog or trigger wire. With its clever see-saw mechanism, only the slightest amount of pressure on the pan translates to an easy triggering of the trap**...$4.35 each. Buy 12 or more and pay only $3.70 each!**

Soft Touch Pan Trigger for 150/160 (Cat.#: ACSAUVPAN160) - As above but for body grip traps with a 5-6" jaw spread**...$4.65 each. Buy 12 or more and pay only $4.00 each!**

Soft Touch Pan Trigger for 220 (Cat.#: ACSAUVPAN220) - As above but for the 220 body grip or equivalent with 7" jaw spread**...$5.45 each. Buy 12 or more and pay only $4.55 each!**

(S) Base Plate for No. 3 and No. 4 Coil Spring Traps (Cat.#: ACBASEPLATE34) - Comes with one D-Ring**....$2.95 each. Buy 12 or more and pay only $2.20each!**

(T) Lightning Long Spring Renew (Cat.#: ACSPRINGRENEW) - Renew and strengthen your old long spring traps with these inserts.Works with #1, #1-1/2 and #2 long spring traps**...$15.35 per dozen. Buy 5 dozen or more and pay only $12.80 per dozen.**

(U) Trigger Wire Kit for 110/120 Body Grip Traps (Cat.#: ACTRIGWIREKIT) - This simple mod kit, utilizing a very fine 1/64" trip cable and wire ferrules, will increase your fur harvest. This kit works to increase trap effectiveness for muskrats who often avoid pushing against prong triggers and mink and marten who may freely pass through even the smaller body grippers when set on land. Each of these Trigger Wire Kits will modify 24 Body Grip Traps**....$9.20. Buy 12 or more and pay only $7.50 each!**

McLachlan Spring-Powered Leg Snare

Designed by long time wolf trapper who saw a need for a different style of non-lethal capture device. This is a long term set that works well over time and changing weather and is especially effective in deep, crusted snow from freeze/thaw cycles. Applicable for various species, the #12 McLachlan Leg Snare is adjustable for Wolf, Cougar, Coyote, Fox, Lynx, Bobcat, etc. It was developed to catch very high, thus reducing the chances of "low catch" or missing a catch. Safer alternative in urban environments where catching domestic animals is a possibility. An effective tool for animal research and study.

Miscellaneous Snare Components

(A) Stinger Kill Spring™ (Cat.#: ACSPRINGSTINGER) - This spring makes the common neck snare a true "Quick Kill" device and will humanely put down your catch without entanglement. Mechanically superior to compression spring based snare springs with much faster and higher percentage dispatches. For best results, use long snares along with our new "Land Shark" Modified Cam Locks. Alternatively, file gripping "teeth" into the locking area of an unmodified cam lock with our Cam Lock File (see Snare Building Tools section below). You must also add an S-Hook breakaway device to your cam lock to use this system. Designed for Coyote and Wolf, however, it has also proven it's value on Beaver, Raccoon and Bobcat. Re-useable. Use 1/16", 5/64" or 3/64" 1x19 steel cable for Coyote, use 3/32" or 5/64" 1x19 steel cable for Wolf. **25 pcs/pkg**.....**$33.35 each. Buy 4 or more and pay only $28.20 each!**

(B) Alberta Powersnare Triggers (Cat#: ACSNARETRIGGER) - A very exciting and new product by Marty Senneker. This device is to be used in conjunction with a Stinger Kill Spring™ (Item "A" above) enabling the user to upgrade the system into a legitimate, fully functional powersnare. The trapper compresses the spring with the Alberta Powersnare Setter (see Setting Tools page), clips the trigger in place, and the spring is loaded, ready to deliver the full power of the spring to the intended target. Trigger can be added to existing Stinger Snares by removing the end stop, adding the trigger and replacing stop. Has been proven effective on Coyote, Wolf, Red Fox, Wolverine, Lynx, Bobcat and Raccoon. **100 pcs./pkg**.....**$41.95 each. Buy 6 or more (600 pcs. total) and pay only $35.55 each!**

Body Grip Trap Stabilizers

(A) Coni-Mount for 110/120 size trap (Cat.#: ACCONIMNT110-120) - The Coni-Mount is a metal bracket used to hold body grip traps in place. They are made of steel and have three holes located down the center to permit fast, easy fastening. It is used by first nailing it to a limb, log, tree, board, or stake where you want to locate the trap. Then, set the trap in the normal manner except let the jaws close onto the Coni-Mount. The trap is then held solidly in position until it is sprung - it cannot tip, twist, slide sideways, fall over, or be knocked over. This is a low cost, long life, highly effective device that will enable you to set more traps in the exact position you want them in less time**…$28.40 per dozen. Buy 5 or more dozen and pay only $23.65 per dozen.**

Inside Dimensions: 5-3/4" x 5-3/4" x 17-1/2". ***Note:** Not compatible with the Belisle Super "X" 120 or Sauvageau 2001-5 (recommend ACMARTENBOX instead - see above). Requires spring slots to be cut by user**.....$7.60 each. Buy 12 or more and pay only $6.20 each!**

(K) Muskrat Float (Cat.#: ACFLOAT) - Tired of unstable water levels leaving your traps high and dry, or flooded? Then this muskrat float is for you. This is a great tool for getting rid of muskrats that are damaging shorelines in ponds, rivers or lakes. We recommend using #1-1/2 coils on this float but a variety of sizes work. (Traps not included)**....$30.80 each. Buy 6 or more and pay only $25.65 each.**

(L) Donahue Trap & Bait Holder (Cat.#: ACTRAPBAITHLDR) - As seen in Fur, Fish & Game magazine, this trap and bait holder has proven itself over and over again on the trap line for the past decade. Invented and perfected by a trapper with over 40 years experience. Designed to work with 110, 120, 150, 155 or 160 body grip traps. Target and catch marten, fisher, raccoon, mink and weasel with a quick dispatch right behind the ears, avoiding fur damage. Simple, lightweight and easy to set up with a couple of 2-2½ inch nails or screws. Protects bait from rain, snow and birds. Prevents potential rodent damage by keeping your catch suspended off the ground. Complete instructions included**…. $98.60 per dozen. Order 5 dozen or more and pay only $83.45 per dozen.**

NEW! Caven's Lures

Tim Caven set his first traps for muskrat, beaver, and mink in 1968. Tim has trapped virtually all fur bearing species in the United States over the past 45 years and still takes annual out of state long line trips. In 1978, he ventured into the commercial lure and bait making business and has never looked back since. 37 years of making lures and baits - but even more importantly, using and perfecting them himself - has put Caven in an elite class of lure makers.

All Caven's Lures come in 1 oz. quantities. Prices are as follows: $9.00 each. Save when you buy in volume. Buy 6 to 11 and pay only $7.75 each. Buy 12 or more and pay only $6.50 each. Mix 'n' match for quantity discounts!

"Bread & Butter" Muskrat Food/Call Lure (Cat#: ACCAVEBB) - Muskrats are truly the "Bread and Butter" of the industry. Year after year they lead the country in total pelts and total dollars generated for the trapper. Is muskrat lure really worth using? Yes! If it's used properly and it's the right lure. The muskrat is a lot harder to "Lure" consistently than a fox ever thought about being! "Bread and Butter" is a blend of several 'rat calling agents and has a very piercing odor which is a must in 'rat lures.

"Feline Fix" Bobcat/Lynx Lure (Cat#: ACCAVEFELINEFIX) - A good bobcat/lynx gland lure will not only collect those high priced cats but fox and coon as well. "Feline Fix" does it all. This Is a very thick lure loaded with expensive bobcat glands for those of you who want that natural cat odor. Many years this ends up also being a top fox producing lure.

"Gusto" Long Distance Predator Call (Cat#: ACCAVEGUSTO) - Tim has spent more time developing this lure than any other. It's easy to make a call lure with just a "skunky" smell but he wanted much, much more out of this one. When you crack the cap, you will certainly smell skunk but underneath you will detect a sweet odor consisting of a generous dose of castor and muskrat musk. To top it off, he's added a couple more "special agents" and put it up in a thick base so it hangs in there a long time. Use "GUSTO" above your set during warm weather and directly at your set when it starts to cool down. Made for red fox, grey fox, coyotes, bobcats and for you marten and fisher trappers, it doesn't get any better than this. A Best Seller!

"Mink Master" Gland Lure (Cat#: ACCAVEMINKMASTER) - In plain talk, this one just plain smells like the tail end of a mink. 'Mink Master' gets those big, dominant bucks moving as its odor means there's a trespasser on their turf. Do yourself a favor and use this as a change of pace lure on your fox, coyote, and coon lines. In 1983 Tim took 32 reds, 6 greys, 2 coyotes, and 12 dry land coon on Mink Master while using it alone at flat sets.

"Minnesota Red" Fox Gland Lure (Cat#: ACCAVEMINNRED) - The "fox" comes out of the bottle at you when you open this one. This isn't a bottle of urine with a gland dragged through it, but rather very thick and heavy bodied. 'Minnesota Red' is the real thing for the scent post set but also is a big plus at dirt sets when used with bait, as it removes suspicion as well as attracts.

"Minnesota Special" All Purpose Lure (Cat#: ACCAVEMINNSPECIAL) - A favorite fox "flat set" or coon "pocket" lure. Highly recommended for use on all species of furbearers in the country. Prime emulsified spring muskrat glands make up the dominant odor with castor and two imported musks being the underlaying or suppressed smell. "Minnesota Special" is a very thick and long lasting lure that will stay where you put it.

"Moonshine" Raccoon Call Lure (Cat#: ACCAVEMOONSHINE) - To get a coon's attention isn't hard as he'll eat or investigate about anything, but to hold that attention until he's in your trap is where you find out what a lure is really worth. Moonshine is a carefully controlled blend of eight coon attracting ingredients blended together in just the right proportions in a waterproof long-lasting base. You can take coon on your basic one-ingredient lures but to take the most coon at any given time, you need to offer them a variety. Moonshine gives them everything they want.

Otter Lure Supreme (Cat#: ACCAVEOTTER) – Tim is very proud of this one and for good reason. Not only extremely deadly on otter, but it really puts the hurt on fox, mink, raccoon, and bobcat as well. This seven ingredient lure which is aged and tended to for over 15 months before bottling will certainly fill a bunch of otter boards up for you (along with a variety of other stretchers no doubt!).

"Timber!" Beaver Call/Gland Lure (Cat#: ACCAVETIMBER) - For this lure, Tim grinds only the best, fullest castors he can find, add the loudest, most effective calling agent known to me and put them in a waterproof base. The result is "TIMBER!", a beaver lure supreme.

"Tree Climber" Fisher/Marten Lure (Cat#: ACCAVETREECLMB) - Tree Climber - New to the website but certainly not new to the fisher and marten line. A strong, yet sweet blend of natural glands, musks, and oils. Works excellent for bobcat, fox, coon, and beaver as well. Many years this is my top fox, coyote, bobcat, and coon producer on my southern trap lines.

"Violator 7" Gland/Call Lure (Cat#: ACCAVEVIOLATOR7) - A thick, strong, musky lure for Coyote, Fox, Bobcat, Fisher, Marten and Raccoon. Use at either dirt hole or flat sets. A properly balanced blend of weasel, muskrat, mink, and red fox glands plus beaver castor and a touch of skunk. After aging for a full year it is fixed and stabilized. This is a personal favorite of Tim's that he's used since 1982. A Best Seller!

"Yodel Dog" Coyote Gland Lure (Cat#: ACCAVEYODELDOG) - A very thick, long-lasting natural gland lure that will really stir up those howlers."Yodel Dog" is made from glands aged to perfection and is not only the answer to post sets but really dresses up your dirt hole and flat sets. If you've never tried a coyote smell at a few of your coon sets, now's the time and here's the lure.

Hawbaker's Quality Lures

Legendary American trapper S. Stanley Hawbaker began trapping and caught his first furbearers at the early age of 8 and never looked back. Halford's has received many requests to offer a line of Hawbaker's popular lure formulations and now here they are! In 1941,

All Hawbaker's Lures come in 1 oz. quantities and are priced at $7.25 each. Save when you buy in quantity! Buy 6 to 11 and pay only $6.60 each. Buy 12 or more and pay only $5.95 each. Mix and match for wholesale quantity discounts!

Badger Lure (Cat.#: ACHAWBBADGER) - Deadly on badgers and a great change up for coyotes. Hawbaker's Badger Lure has an anti-freeze base and is uniquely formulated to be highly attractive to badgers.

Beaver Lure (Cat.#: ACHAWBBEAVER) - Contains castors and oils from food, trees and plants, all carefully blended. Ideal for open water trapping.

Coyote & Wolf Gland Lure 100 - (Cat#: ACHAWBCOYWOLF100) - No better coyote/wolf lure regardless of price or claims. Very little urine - and just enough good heavy base to make it lasting.

Coyote Special Lure 200 (Cat.#: ACHAWBCOY200) - Good for all seasons. It will reach out a long way and call plenty of coyotes.

Coyote Food Lure 400 (Cat.#: ACHAWBCOY400) - A coyote will risk his hide to get to this new food lure. Not a foul, rotten odor but real coyote food aged just right.

Coyote Lure 500 (Cat.#: ACHAWBCOY500) - One of Hawbaker' best sellers. All season. Preferred by Professional Wolfers. A bottle will convince you.

Fisher Lure (Cat.#: ACHAWBFISHER) - Very attractive to the black cats. Made for cold climates.

Red Fox Gland Lure 100 (Cat.#: ACHAWBFOX100) - A real matrix lure from good clean glands, many taken during mating season. Urine in the lure taken while the female is in heat. A thick, heavy gland lure.

Long Distance Call 600 (Cat.#: ACHAWBLDC600**) -** Ideal for fox and coyote. A powerful lure that will pay you extra $$ in more furs called to your traps.

Marten Lure (Cat.#: ACHAWBMARTEN) - Powerful and attractive. Contains marten musk, fish oil, beaver castor and several other ingredients.

Mink Lure (Cat.#: ACHAWBMINK1) - A new mink lure No. 1. New in calling power, new in odor, new in lasting qualities. The greatest discovery in the lure making industry. No lure made will call mink to your sets like this lure will.

Muskrat Lure (Cat#: ACHAWBMUSKRAT1) - Contains genuine oil of catnip that retails at $480.00 per quart. The best muskrat lure ever offered. Just place a few drops at sets.

Otter Lure (Cat#: ACHAWBOTTER) - You need the very best available for otter. This is it.

Raccoon Lure (Cat#: ACHAWBRACCOON) - A powerful sweet scent that is very alluring to the raccoon. Very good for fall and winter trapping.

Weasel Lure (Cat#: ACHAWBWEASEL) - Made from natural weasel calling ingredients, none better.

Wildcat Lure (Cat#: ACHAWBWILDCAT1) - A real lure for all members of the cat family. Made from aged cat glands and natural food odors. No catnip oil.

Wolf Lure - See "Coyote & Wolf Gland Lure 100" above (Cat#: ACHAWBCOYWOLF100).

Forsyth Formula Lures

An active Alberta trapper, Stan Forsyth proudly continues the 50 year old family tradition of producing time-tested and proven lures. Quality has never been sacrificed for quantity and all Forsyth Lures are made with premium ingredients and bottled the traditional way.

All Forsyth Lures come in 50 ml (2 oz.) quantities (unless otherwise indicated). Prices are as follows: $12.75 each. Save when you buy in quantity! Buy 6 to 11 and pay only $11.90 each. Buy 12 or more and pay only $11.00 each. Mix and match for wholesale quantity discounts!

K9 Triple Take (Cat.#: ACFORSK9TRIPLE) -This one was developed in 2006 for Coyote, Fox and Lynx. It is a strong curiosity-type paste lure. Works great all season. They will tear the ground up to get after this one. Test after test proves this one to be the best. Sure to be the hottest selling predator attractor on the market!

NEW! **Bear Tease (Cat#: ACFORSBEAR) -** 250 ml (10 oz.). A premium blend of real bear calling agents developed especially for bear stations, government bear surveys and camera viewing. Will call bears in up to 500 yards. Highly efficient. Has been used and tested from Nunavut to Eastern Quebec & internationally. Excellent for black and brown bears as well as grizzlies. Smear a tablespoon on a tree approximately 4-6 feet off the ground. Be bear aware!

Beaver Lure (Cat.#: ACFORSBEAVERL) - An old standby with 1000's of beaver to its credit; this thick, dark waterproof lure endures spring rains and autumn frosts. Used by gov't ADC trappers everywhere for beaver control.

Beaver Call (Cat.#: ACFORSBEAVERC) - Unusual in colour, exceptional in quality. This product is a rich, red, oil type lure with a different twist. Excellent for a change-up on old flat-tail.

Bobcat and Lynx (Cat.#: ACFORSBOBCATLNX) - Big seller in northern BC and Alaska. Highly effective and very strong. An all-season lure appealing to the cat's natural curiousity. "Bobcat & Lynx" has the ability to draw out the feline and hold its interest at the set.

Coyote Delight (Cat.#: ACFORSCOYDELIGHT) - The name says it all! Compounded from ingredients present in the coyote's everyday diet. Coyote Delight is a liquid lure designed to stop the wily dog in its tracks. Try a bottle and catch more fur!

Coyote Gland (Cat.#: ACFORSCOYGLAND) - This thick, well-aged, gland-based lure is blended from the finest cut of Alberta coyote glands. Formulated to take advantage of the animal's natural territorial instincts, this lure is dependable and works all season.

Fisher and Marten (Cat.#: ACFORSFSHMARTEN) - Without a doubt the best Fisher and Marten lure on the market today. Constant demand makes this a huge success and a sellout every year. Once you try it, you'll never go without.

Forsyth Fish Oil (Cat.#: ACFORSFISHOIL) - 100 ml bottle. Manufactured through a special heat-press system. The strongest and most natural fish oil available on the market today, it is very attractive to most furbearers. It can be used straight or in combination with lure.

Fox Call (Cat.#: ACFORSFOXCALL) - A shot of pure skunk gives this carefully blended lure an added boost. Equally good on coyote and bobcat. Fox Call works almost as hard as you do. Developed for use in most weather conditions, it has been tested at -40˚C!

Fox Gland (Cat.#: ACFORSFOXGLAND) - This thick, heavy liquid produces fur all season long and works well at most types of sets. Fox Gland is formulated with only the cleanest, purest glands and is properly aged before it goes into the bottle.

Lonesome Tom (Cat.#: ACFORSTOM) - Every cat's passion! Developed in 2010, over 30 years of lure making experience has gone into this jar. Cats can be "reluctant" to investigate odors at times, but this one was formulated to enhance their sexual response and curiosity. Trapper's can't depend on food odors alone when rabbit cycles are high. Formulated and tested throughout Alaska, Alberta and NWT, it takes over where all others leave off!

Lynx Gland Lure (Cat.#: ACFORSLYNXGL) - Due to high demand from the cat trappers, this lure was formulated from fresh lynx glands and secretions precisely seasoned. It brings out the territorial instinct of every cat! Put up in a thick freeze proof paste.

Mink Lure (Cat.#: ACFORSMINKL) - On the main menu of old musky tail. We definitely recommend this natural lure for any mink trappers. This includes one secret ingredient that makes this lure stand high above others in its class.

Mink Gland (Cat.#: ACFORSMINKG) - Ground and preserved glands with antifreeze base, its proven itself time and time again. For best results, whenever running several sets along a creek, we advise you to alternate Mink Gland with Mink Lure.

NEW! **Muskrat Call Lure (Cat#: ACFORSMUSKRAT) -** Lots of Rat calling ingredients in this one. Place waterproof lure on dry stick, and place at set. I have watched many a rat take off with the stick and lick it clean during initial testing. This one is a must for the serious muskrat trapper.

Old Tyme Coyote Bait (Cat.#: ACFORSOLDTYMECB) - 250 ml (10 oz.). Natural, long-lasting paste bait for the buried flat or dirt-hole set - great stuff. Excellent as a stand alone bait, but combine it with Coyote Gland lure and watch the fur fly!

Predator Long Distance Call (Cat.#: ACFORSPRELDCC) - Out of all the lures Forsyth has developed and tested over the years, this one consistently outperforms the rest. It deserves its long-standing reputation for being one of the best predator lures in the industry.

Timber Wolf Call (Cat.#: ACFORSWOLFC) - This specially designed mid-range lure is a supreme blend of oils and ingredients that are highly attractive to the wolf family. Can be used alone or in combination with our Wolf Gland.

Timber Wolf Gland (Cat.#: ACFORSWOLFG) - If you are serious about trapping these elusive animals, then this is the lure for you. A true favourite of the hard-core wolfers, this thick gland lure is extremely powerful. Count on it!

Troublemaker (Cat.#: ACFORSTROUBLE) - Troublemaker was developed in 2009, tested in Nova Scotia and by customers throughout New York and Iowa in either Cage Traps or Dog Proof Raccoon Traps with excellent results. This heavy paste type, curiosity food based with a sweet smell is a deadly attractant to the coons! Freeze proof and long lasting in cold and wet weather. Further testing has proven that grey fox are extremely tempted by it as well!

Weasel (Cat.#: ACFORSWEASEL - Developed due to a high demand and strong ermine prices, this liquid lure is based on a blend of essential oils & natural food ingredients.

Wolverine (Cat.#: ACFORSWOLVERINE) - 20 years of use have proven this to be a great attractor for the "old devil". Long line trappers use it to trap this elusive and destructive opponent. Not one to be without!

A Western Canadian trapper with years of experience under his belt, Terry's lures have a solid reputation for getting results. You won't be disappointed!

All Barnes Lures come in 1 oz. quantities (unless otherwise indicated). Priced as follows: $6.35 each. Save when you buy in quantity! Buy 6 to 11 and pay only $5.85 each. Buy 12 or more and pay only $5.40 each. Mix and match for wholesale quantity discounts! (*Note: Fox, Coyote & Wolf Paste Bait priced separately following product description below.)

Fox, Coyote & Wolf Paste Bait (Cat.#: ACBARNFCWPASTE) - Heavy, thick paste bait. Its penetrating odour really grabs the attention of members of the canine family. It is made from one of the meats that canines favour the most. A small smear at the set is all that's needed because of its long lasting odour. (8 oz.)**...$21.95 Each. Buy 6 to 11 for only $19.65 each. Buy 12 or more for $18.50 each.**

Badger Lure (Cat.#: ACBARNBADGER) - This is a meat-based lure that badgers simply can't resist!

Beaver Barnes (Cat.#: ACBARNBEAVER) - Here is a beaver lure that certainly has no equal. Made from only fresh green ground castor and oil extracted from beaver oil sacs. It is then aged for a year before the powerful calling ingredients are added. Will not wash out. Once you try a bottle, you'll know why Terry and his long time loyal customers back it 100%!

Canadian Lynx Cat Call **(Cat.#: ACBARNCATCALL) -** A lure developed by a long time Northern Trapper. Castor, catnip and essential oils blended into a freeze-proof base. Has a lot of cats to its credit!

Fisher Lure (Cat.#: ACBARNFISHER) - Here is a lure that no fisher will pass up. A cold weather lure for when the going gets tough.

Magnum Musk (Cat.#: ACBARNMAGMUSK) - A new lure put up in a freeze-proof base to give it a strong airborne attraction. Castor, musks and just the right amount of skunk to call animals from a long distance. Excellent on marten, fisher, fox, wolf, coyote and bobcat.

Marten Magic (Cat.#: ACBARNMARTEN) - This is a very powerful skunky type lure. It has an oily base and holds its odour so well that you can still pick up the scent yourself for days after luring a set.

Mink Lure (Cat.#: ACBARNMINK) - A lot of trappers are fed up with trying new mink lures. Terry discovered this one by accident while spring trapping beaver several years ago. It has a clammy, beavery smell to it and it really works.

Muskrat Lure (Cat.#: ACBARNMUSKRAT) - Made from 'rat glands and oil, this is the only muskrat lure Terry makes. Works great!

Weasel Lure (Cat.#: ACBARNWEASEL) - Since its introduction, this has been a surprisingly well accepted lure. Loaded with food odours and traces of weasel musk, this popular lure has already put a lot of weasel pelts on the boards.

O'Gorman's Long Line Lures

When it comes to predator trapping, pro trapper (and former USDA trapper) Craig O'Gorman of Montana takes a back seat to no one. He is highly respected for his expertise in coyote, red fox and bobcat trapping and we're sure you'll be thrilled with the results of his quality lures.

All O' Gorman's Long Line Lures come in 2 oz. bottles (unless otherwise indicated). Prices are as follows: $17.40 each. Save when you buy in quantity! Buy 6 to 11 and pay only $16.25 each. Buy 12 or more and pay only $14.95 each. Mix & match for wholesale quantity discounts! (*Note: Powder River Paste Bait priced separately following product description below).

Farm Boy Special (Cat.#: ACOGORFARMBOY) - A 'rat lure that will take its share of mink too!

Gumbo (Cat.#: ACOGORGUMBO) - One of O' Gorman's top fox and coyote lures. Very loud and thick with a lingering odor that's hard to beat.

L.D.C. (Cat.#: ACOGORLDC) - Long Distance Call in its true sense of the word. Paste with high skunk and musk blend. Use at all sets, above or near the set. (Used at the set will really take the badgers.).

Mountain Marten Call (Cat.#: ACOGORMARTNCALL) - Old formula of a famous marten trapper. Plenty of musks.

Plenty Coyotes (Cat.#: ACOGORPLENTYCOY) - This is the call lure that really puts the hurt on ol' wiley. 1000's of coyotes have been taken with this lure. If you aren't having results with what you are using, try this one. O'Gorman's most heavily sold call lure is good on all predators.

Powder River Cat Call (Cat.#: ACOGORCATCALL) - A #1 cat lure of the catlands. Has an intense reaction on the cat. Some trappers have taken 50-100 cats at the new high prices on this lure alone.

Powder River Paste Bait (Cat#: ACOGORPOWRIVPB) - This is the famous bait that was tested by U.S. Government coyote research. They tested the top 60 coyote scents submitted.....**$34.75 each. Buy 6 to 11 and pay only $29.25 each. Buy 12 or more and pay only $19.95 each!**

HALFORD'S

Hoffman Lures

Superior, authentic lures & scents made in Canada since 1926. Blended in accordance with original formulations developed by reknowned Russell, Manitoba trapper Bill Hoffman. Many central Canadian trappers swear by Bill's tried and true lures. Try them out yourself and see!

All Hoffman's Lures come in 2 oz. quantities priced at $7.00 each. Save when you buy in quantity! Buy 6 to 11 and pay only $6.35 each. Buy 12 or more and pay only $5.85 each. Mix and match for wholesale quantity discounts!

Lake of the Woods Beaver Lure (Cat.#: ACHOFFBEAVER) - A very attractive lure which can be depended on for its natural calling qualities. Musks and oils that appeal to the beaver - will work wonders in any section of the country.

North Bay Marten Lure (Cat.#: ACHOFFMARTEN) **-** This #1 Seller has been around since the 1920's. Repeat orders speak for themselves. Good cold weather lure. Also takes fisher. Powerful and attractive.

BC Lynx Rub (Cat.#: ACHOFFLYNX) - Used extensively by professional trappers. Draws the Lynx right to the set. Paste lure.

Sure Lure for Fox & Coyote (Cat.#: ACHOFFSURE) **-** Attractive to both Coyote and Fox. A bait & lure these animals do not shy off, as with the meat baits. Effective in all seasons. Economical and handy to use.

Fisher Call(Cat.#: ACHOFFFISHER) - Another Hoffman original. This food curiosity and gland based lure makes them click their teeth and come on in.

Muskrat Scent (Cat.#: ACHOFFMUSKRAT) - Truly a lure that can be depended on for its attractive qualities. This lure has many muskrats to its credit. No 'rat within smelling distance will pass it up!

Mink Scent (Cat.#: ACHOFFMINK) - This scent contains mink musk and food elements. A very good mink lure.

Weasel Scent (Cat#: ACHOFFWEASEL) - You can easily increase your weasel catch by using a lure that will attract them to your set. This scent is heavily loaded with weasel musk and food elements. No weasel will pass it by. You can use it in conjunction with your meat bait. Valuable scent.

Lure Making Ingredients

All the Lure Making Ingredients listed below come in 1 oz. Boston round type glass bottles and are $5.80 each. Save even more when you buy in quantity! Buy 6 or more and pay only $4.60 per bottle. Mix and match for Quantity discounts!

Anise Oil (Cat.#: ACLUREINGANISE) - Special quality oil recommended for lure making. Good on beaver, bear, deer, fisher, marten, muskrat and raccoon. This is the scent to use for baiting bear. Anise oil's licorice-type smell travels for hundreds of yards. Can be used as a stand alone on a scent pad or mix with molasses or grain.

Asafoetida Tincture (Cat.#: ACLUREINGASAFOE) - One of the finest wolf and coyote attractors known to man. Also used in bobcat, lynx and fox lures.

Catnip Oil (Imitation) (Cat.#: ACLUREINGCATNIP) - 3 times more powerful than the real thing. Used in cat lures, straight muskrat lure or mixed with musks.

Green Apple Essence (Cat.#: ACLUREINGAPPLE) - Strong sweet apple odor. Much stronger than plain apple, reaches out on cold nights. An important ingredient in formulation, also gives appeal to apple used as sight bait.

Poplar Bud Oil (Cat.#: ACLUREINGPOPLAR) - Muskrat and beaver attractor, straight or formula, believed by many trappers to be the best beaver food lure.

Rhodium Oil (Cat.#: ACLUREINGRHODIUM) - Mint like in odor, but is actually a bi-product of ore. Used in formulation for muskrats, beaver, nutria and raccoon.

Shellfish Oil (Cat#: ACLUREINGSHLFSH) - All shellfish oil is not created equal! This is "top of the line" quality yet is affordably priced. Has a thick consistency that will stay at your set longer.

Tonquin Musk (Imitation) (Cat.#: ACLUREINGTONQUIN) - Siberian Deer Musk. One of the true secrets of old time Fox, Coyote and Wolf trappers. An excellent ingredient in effective lures. Also used straight.

Individually Priced Lure Making Ingredients

Ground Beaver Castor - Pure ground beaver castor with just a touch of glycerine to retain moisture and prevent freezing. No other additives or filler. This is a seasonal item and as such, we cannot guarantee availability. Price subject to fluctuation depending on market conditions and availability

Kick Sled

First developed in Scandanavia more than 150 years ago, kick sleds are prevalent today in small towns of Finland, Norway and Sweden as a useful and speedy means of transportation over snow and ice. Use it to check the trapline or just to get a unique form of exercise. Kick sleds are eco-friendly and require no expensive gasoline to operate. If you've never seen one before, chances are no one else in your area has either and you'll be among the first to own one. This is also a great way to get into mushing with only one dog!

(L) Kick Sled (Cat.#: ACSLEDKICK) - A kick sled designed for the snow and pet enthusiast. This sled is durable, flexible, light-weight (only 10 lbs) and collapsible. Made with wooden laminated runners and aluminum. This innovative design allows the kick-sledder to steer **...$414.75 each.**

NOTE: FOLLOW THE MEASURING GUIDE DIAGRAM ABOVE TO GET A GREAT FIT ON YOUR X-BACK HARNESSES. START AT THE POINT OF BREASTBONE ON YOUR DOG, GO AROUND THE NECK WITH YOUR TAPE MEASURE JUST BELOW THE COLLAR FOR A GOOD NECK MEASUREMENT (EXAMPLE, OUR SMALL HARNESSES HAVE AN 18" NECK MEASUREMENT AND GO FROM THERE). NEXT, MEASURE THE LENGTH BY STARTING AT THE SAME POINT OF BREASTBONE (WHICH IS USUALLY INDENTED A BIT), GO STRAIGHT DOWN THE BREASTBONE AND RUN THE TAPE MEASURE UNDER THE FRONT LEG, ANGLING IT ALONG THE RIB CAGE AND UP TO THE BASE OF THE TAIL. THAT IS YOUR LENGTH MEASUREMENT. IT IS ALSO IMPORTANT TO HAVE A WEIGHT AND BODY-TYPE OF DOG. CUSTOM SIZES AVAILABLE BY SPECIAL ORDER.

Skijoring Equipment

Skijoring is an exhilarating and fast growing winter sport combining cross country skiing and dog mushing. Part of skijoring's beauty lies in its simplicity and minimal equipment requirements. Besides basic cross-country ski gear, only three items are necessary to skijor: a harness for your dog; a skijoring belt for your waist; and a towline that connects you to your dog. For skijorers in warmer climates (or off season use), these three pieces of equipment also function well for roller skiing, inline skating, scootering or bike-joring with your dog.

(H) Skijoring Package for One Dog (Cat.#: ACSKIJOR1) - Consists of a padded nylon belt (4" wide at the back), quick release snap, an internal bungee section, and a tugline. Everything for a one-dog hookup except a harness (separate Purchase - see X-back harnesses listed above in the Dog Sledding Equipment section)**……$96.60 each. Buy 3 or more at $80.50 each!**

Skijoring Package for Two Dogs (Cat.#: ACSKIJOR2) - Same equipment as the one dog skijoring package but made for hooking up two dogs. Includes: padded belt, quick release snap, bungee section, two tuglines with brass snaps, and a lead coupler**……$107.95 each. Buy 3 or more and pay only $90.00 each!**

For frequent use on short and medium distances. Features: Quality grade 6000 aluminum frame • Snowshoe geometry that offers great flotation in all circumstances • Ergonomic harness made of Engage™ by DuPont™ that keeps your foot centered and provides a perfect fit for all winter boot styles • Freeze-free pump ratchet buckle system that provides a precise and effortless adjustment with or without gloves in all circumstances • Light and freeze-free heel strap • New front and rear aluminum double claw with non-stick coating paint reducing snow build-up and ice formation underneath the crampon • Olafin decking for lightness & great abrasion resistance up to -40˚ C. Measures: 10" x 36". Optimal Flotation: 120-190 lbs. Total capacity: 120-280 lbs. Lifetime warranty**… .$282.20 each! Buy 3 or more pair and pay only $241.40 each.**

C) Wide Trail (Cat.#: ACGVSSWIDETRAIL) - Modeled after the traditional Bear Paw design, this sturdy snowshoe is the widest aluminum snowshoe on the market offering exceptional handling, amazing flotation and efficiency. It has all the great features of the Snow Trail model (see Item B above) in addition to its unique "Heel Stabilizer" system which provides more efficient movement and allows the ability to move backwards through dense forest with greater security of preventing stumbles or falls. Best for trappers, hunters, forestry workers, lumberjacks and woodland owners that spend long hours on snowshoes and/or carry heavy loads. Measures: 12" x 33". Optimal Flotation: 160-240 lbs. Total capacity: 160-340 lbs. 5-year warranty**.. $356.95 each. Buy 3 or more pair and pay only $305.90 each.**

GV Traditional Snowshoes feature frames constructed of Appalachian white ash and lacing made of raw cowhide. A high quality varnish keeps the rawhide and the frame in good condition. Harnesses sold separately (see Items "H" and "J" below).

D) Yukon (Cat.#: ACGVSSYUKON) - The Yukon model, also sometimes called Alaskan, is characterized by its long and unique shape. It is a wise combination of the Huron tail and the Modified Bear Paw shape. It takes its origin from Indian Nations of Western Canada and the Northern part of United States. Mainly used for long-distance hunting and hiking in open forests and fields. Its long narrow tail is designed to keep the snowshoe in the walking movement as needed. Quiet and very stable, its all-purpose use makes it a great choice for long-distance hiking. **Measures:** 10" x 56". **Optimal Flotation:** 150 lbs. and up. 5-year manufacturer's warranty**…..$188.95 each. Buy 3 or more pair and pay only $163.60 each.**

E) Huron (Cat.#: ACGVSSHURON) - The Huron is the most widely recognized shape of all snowshoe models and takes its origin from the Huron First Nation of Canada. It is mostly used for hunting, trapping, bird watching and long-distance adventures in open forests and fields. It was also the preferred model used by the French settlers who established the first colony in 1604, the adventure enthusiasts and the trappers for winter hiking. Very quiet and easy to maneuver, its geometry provides great flotation in soft snow and its long tail is designed to keep the snowshoe in the walking movement as needed. **Measures:** 14" x 48". **Optimal Flotation:** 175 lbs. and up. 5-year manufacturer's warranty**…..$178.45 each. Buy 3 or more pair and pay only $153.85 each.**

F) Ojibwe (Cat.#: ACGVSSOJIBWE) - This model takes its name from the Ojibwe First Nation of Canada that established itself along the great Canadian lakes of Ontario, in Western Canada and north central United States. The Ojibwe model has the most interesting and unique shape of all the wooden traditional snowshoes. This model has similarities with ancient snowshoes used by old civilizations from Siberia, Greenland and Scandinavia many centuries ago. Its unique shape provides a great flotation in open forests and fields where there is a lot of snow. Its narrow and lifted nose, combined with its long narrow tail, provides great gliding properties in downhill on hard snow. Might it be the ancestor of the modern alpine ski? Quiet and stable, it is a good all around snowshoe for long-distance adventures.. **Measures:** 11" x 54". **Optimal Flotation:** 160 lbs. and up. 5-year manufacturer's warranty**…..$185.75 each. Buy 3 or more pair and pay only $159.25 each.**

G) Bearpaw (Cat.#: ACGVSSBEARPAW) - The Bear Paw model is the second most popular snowshoe shape. It takes its origin from the First Nations of the Great North and Eastern Canada, particularly the Indian Innu Nation (Montagnais). Mostly used for hunting, trapping, bird watching and long-distance adventures in dense forest. Its wide and short shape allows efficient and silent movement in crowded areas of the forest. **Measures:** 14" x 32". **Optimal Flotation:** 150 to 200 lbs. 5-year manufacturer's warranty**…..$188.95 each. Buy 3 or more pair and pay only $161.00 each.**

***Note: It is recommended to apply varnish once a year at the end of the season to prevent the wood frame and raw hide to absorb moisture and water. That will extend the life of your natural snowshoe. We recommend using a marine varnish designed for wooden boats.**

H) Traditional Leather Style Harness (Cat.#: ACGVHARNESSLT) - 100% leather. One size fits all**…..$40.85 each. Buy 6 or more pair and pay only $35.00 each!**

J) Modern Ratchet Technology Harness (Cat.#: ACGVHARNESSRT) - Olefin, adjustable double ratchet. Crampon for improved performance and a better grip on hard and packed snow**…..$60.50 each. Buy 6 or more pair and pay only $51.85 each!**

K) 3 Pce. Telescopic Trekking Poles (Cat.#: ACGVPOLE3PC) - These poles come in 3 sections that can be extended (up to 135 cm) or retracted as needed. They are made of aluminum 6000 and have an antishock system. They are sold as a pair and includes a carbide tip for when you go on ice or very compact snow as well as a rubber tip for softer snow. Also comes with two different sizes of snow baskets**…..NEW LOWER PRICE!! Was ~~$38.85~~ each. Now only $28.85 each. Save $10.00. Available while quantities last. Limited supply.**

(L) SnoSeal

(Cat.#: ACSNOSEAL) - Original Beeswax Waterproofing protects leather from rain, sun, snow and salt. The beeswax formula dries to a solid wax that "stays put" in the surface of the leather so it lasts longer. Greases, oils and animal products are able to migrate through the leather till they clog all the pores, and fill the natural spaces that are supposed to absorb perspiration and insulate. SnoSeal will help you feel more comfortable in Gore-Tex® fabric lined boots because it allows the Gore-Tex®-absorbed perspiration to escape out of the leather. And not only will SnoSeal keep you warm and dry, it'll also help you from getting tired. A typical leather boot can soak up to a pound of water. That means you lift an additional 2,212 lbs. to walk one mile. SnoSeal keeps the whole boot dry, warm and light. SnoSeal lubricates and conditions leather without softening, while preserving and lengthening the lifespan of leather. It prevents water from penetrating yet does not interfere with the natural breathability of leather and maintains flexibility in freezing temperatures without cracking. It is extremely resistant to salt stains and spotting. SnoSeal contains no silicone and does not soften heel counters, box toes or damage seams and welts**…$9.20 each. Buy 6 or more and pay only $7.50 each.**

(M) Polar Cleats© Ice Grippers

Polar Cleats© have been manufactured in British Columbia, Canada since 1995, giving them a long track record of satisfied Canadian and international customers. Bird Deterrents

(A) Attack Spider (Cat.#: ACATTACKSPIDER) - The Attack Spider® is a battery-operated device that will chase away damage-causing woodpeckers. Activated by sound, the spider drops down on an 18 inch string while making a loud noise. Then it climbs back up the string, ready to attack again. Features: Unique, low-cost, effective solution to woodpecker damage * Sound-activated. Drops fast when woodpecker pecks * Makes sound while dropping * Can drive a woodpecker off a nesting hole * Used by wildlife control professionals**....$31.90 each. Buy 6 or more and pay only $27.50 each!**

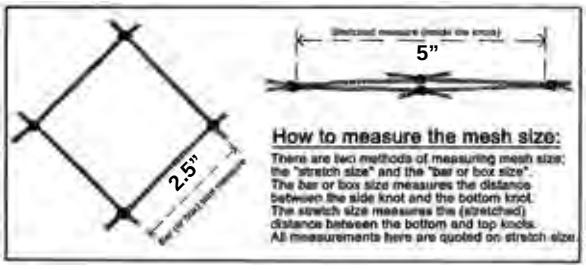
(B) Irri-Tape (Cat.#: ACIRRITAPE) - Iridescent foil tape combines holography, wind and light to irritate pest birds' senses and create an "off limits" zone against them. Rolls of 100'**.....$53.00 each.**

(C) Canada Geese Deterrent - Canada Geese settle on golf courses, private ponds, dugouts and commercial retention ponds and remain only to create a nuisance. Each goose can drop anywhere from two to four pounds of excrement daily! This is a new and innovative deterrent system to rid your property of nuisance geese without the use of harsh chemicals, dogs, reflectors, noise making devices or other concoctions. The device is self-contained and automatic. The success of the product is based around a simple concept: At night, geese sleep in areas where they feel secure from predators such as foxes, coyotes and dogs and placing the unit into these areas disrupts the geese's ability to sleep, and they simply move to another safe area within a few days. **Features:** Maintenance free * Solar powered - no changing batteries or running electricity to the site * Available in land or water configurations depending on the type of habitat your property offers * Environmentally safe and effective * Barely noticeable to the human eye * Covers approx. 3.5 acres * Emits light in all directions at once**....$446.50 each. Buy 3 or more and pay only $382.70 each! Land-based unit (Cat.#: ACGEESEDETERL). Water-based unit (Cat.#: ACGEESEDETER-W).**

(D) Bird-Xpeller Pro 1 (Cat.#: ACBIRDXPELPRO1) - Target Gulls, Pigeons, Sparrows, European Starlings and Woodpeckers with this programmable, species specific sonic repeller.
Bird-Xpeller Pro 2 (Cat.#: ACBIRDXPELPRO2) - Targets Crows, Blackbirds, Grackles, Cormorants and Ravens.
Both units priced the same. Order by Catalogue number**.....$284.95 each. Buy 3 or more and pay only $244.60 each.**

(E) Bird-X Spikes (Cat.#: ACBIRDXSPIKES) - Block pest birds from their "landing strips" with Bird-X Spikes. Tough, long-lasting polycarbonate provides decades of maintenance-free protection. Transparent, so it's practically invisible. Flexible, easy to install. 10 foot Kit includes adhesive**.....$30.55 each. Buy 6 or more for only $25.00 each.**

(F) Bird-X Spikes - Stainless Steel (Cat.#:ACBIRDXSPIKES-SS) - Deter birds from roosting on any surface, permanently. Heavy duty stainless steel prongs plus long-life polycarbonate base offers the perfect affordable and effective solution. The flexibility of spikes allows mounting on flat or curved surfaces. Outrigger base stabilizers make installation an easy one-person job. Featuring unique-to-the-industry center row of spikes prevent birds from landing between prongs. **Coverage:** each foot of spikes covers one linear foot, and a "spread" or width of 5 inches. Pests: birds (pigeons, sparrows, starlings, crows, blackbirds, grackles, seagulls, swallows and more), bats, climbing animals and more. Uses: edges, beams, rafters, railings, air conditioners, signs, windowsills, gutters, roof perimeters, chimneys, support structures, awnings, poles, lights, statues, trusses, building projections and anywhere else birds roost. 10 ft. kit (adhesive not included). Spikes are easy to install with builder's adhesive (e.g. Liquid Nails), wire ties, screws, nails, etc. 2-foot sections "snap to the inch" to minimize waste**.....$62.60 each. Buy 6 or more and pay only each.**



5"

How to measure the mesh size:
There are two methods of measuring mesh size; the "stretch size" and the "bar or box size". The bar or box size measures the distance between the side knot and the bottom knot. The stretch size measures the (stretched) distance between the bottom and top knots. All measurements here are quoted on stretch size.

Bait and Exclusion Products

(P) Universal "Pest Guard" Vent Cover (Cat.#: ACVENTCOVER) - Unprotected vents are ideal nesting sites or points of entry for unwanted guests. Rodents and wildlife exclusion should be a priority of building owners. Prevention eliminates the costly removal by a professional and the threat of inherent diseases. This vent cover helps prevent unwanted entry and nesting. Don't use hardware cloth to screen dryer vents as the lint build up will reduce exhaust flow and possibly cause a fire. Made of durable plastic. Comes in white only. Easy installation complete with screws**....$6.85 each. Buy 12 or more and pay only $5.70 each!**

(Q) Hawk Rodent Block (Cat.#: ACHAWKRODBLOCK) - 005% Bromadiolone that kills rats and mice in a single feeding. Its low-wax, extruded bait is designed for high moisture conditions and prevents mold or rancidity from occurring. The Block can be used both indoors and outdoors, in bait stations, around structures and in burrows. Rodents readily eat the Block because only human food-grade materials and enhancers are used. The 1-lb. Block features the patented multiedge design that rodents love to gnaw on and can be broken easily into 4-oz., 2-oz. or 1-oz. pieces for Rat and Mouse placements**...$5.35 each. Buy 12 or more and pay only $4.35 each!**

Rodent Control

(A) Victor Glue Trap (Cat.#: ACVICTGLUETRAP) - This twin-pack glue board trap comes with lock-tab tents to hide mice. A pest-attractant scent is dispersed throughout the glue. Therefore, no baiting is required just place and catch. Easily disposable**...$2.25 each. Buy 12 or more and pay only $1.90 each!**

(B) Victor Quick Kill Mouse Trap (Cat.#: ACVICTQUICKKILL) - The Quick Kill can save you time and labour due to its ability to be set quickly, easily and not misfire. When using Quick Kill, you can be confident that it will only fire when the mouse interacts and commits to the trap - not before. Even vibrations from nearby machinery will not cause the Quick Kill to fire. Features a "power bar" that is designed for a quick, humane kill. It also has a safety latch built in. 2-Pack**....$15.00 each. Buy 6 or more and pay only $12.70 each!**

(C) Victor M326 Rat Trap (Cat.#: ACVICTRATM326PT) - Trusted & proven. Simple yet effective. The original spring-type rat trap with the reliable Victor expanded bait pedal to ensure a quick catch**...$3.45 each. Buy 12 or more and pay only $2.85 each!**

(D) Victor M200 Rat Trap (Cat.#: ACVICTRATM200MT) - As above, but with a metal bait pedal**.....**$2.60 each. Buy 12 or more and pay only $1.95 each!

(E) Automatic Multi-catch Mouse Trap (Cat.#: ACMOUSETRAPATM) - Completely automatic. Uses no bait or harmful chemicals. Simply wind it up. Catches 1 to 15 mice at one setting. Heavy gauge galvanized construction for years of service. Trap based on mouse's curiousity to enter. Upon entry, mouse is tossed into trap by spring mechanism. Trapped mice attract others**.....$25.80 each. Buy 6 or more and pay only $21.50 each!**

(F) Repeater Mouse Trap with Transparent Lid (Cat.#: ACMOUSETRAPRPT) - A long time favourite mechanical trap for mice. The entrance appeals to the natural curiosity of the mouse, but a dab of peanut butter or a few drops of vanilla extract helps speed the luring process. The clear hinged lid permits easy clean up and allows visual check to monitor activity. Place trap lengthwise against wall or object with entrance holes nearest that surface. Large entrance holes catch even the largest of mice. Heavy gauge galvanized steel construction provides for extra long service. Catches up to 30 mice**....$16.65 each. Buy 6 or more and pay only $13.80 each!**

(G) The Raticator MAX Infrared (Cat.#: ACRATZAP) - The new Raticator MAX utilizes a revolutionary infrared detecting system to sense the presence of a mouse, rat or other rodent. The newly designed high tech delivery system, including stainless steel kill pads housed in an aesthetic recycled plastic canister, now offers a 100% humane kill rate. With a larger chamber than the Raticator PLUS, the Raticator MAX is perfect for larger rats (and mice too!), on-going rodent infestations and commercial applications. The Raticator MAX utilizes 4 "D" cell batteries (not included), which will last approximately a year in stand-by power or provide 50 humane kills per set of batteries. Simply bait the Raticator MAX with any dry food as an attractant to the rodent (dry pet food, trail mix, peanuts, etc.) Turn the main switch "ON." Green light says all systems are GO and when the rodent enters the Raticator MAX it will be humanely exterminated with a quick but deadly shock. No blood, no gore, no mess, and no poisons to endanger your pets or the environment. Flashing red light tells you when you have a catch. Turn the power switch to the "OFF" position and just tip the unit over the appropriate disposal receptacle and let the dead rodent slide out. Re-bait and return the power switch to the "ON" position. Easy to use and re-useable. Optional remote monitoring is available with the Raticator Indicator (sold separately - see below)**.....$77.65 each. Buy 6 or more and pay only $65.70 each. Buy 12 or more and pay only $59.30 each!**

(H) Raticator Indicator (Cat.#: ACRATTALE) - The optional Indicator makes the Raticator MAX (above) even more effective for those nooks and crannies rodents love so much. With its 12-foot long extension, simply plug the Indicator into your Raticator MAX making it easy to monitor in attics, sub-flooring, behind furniture and other difficult to reach places. Its two blinking red eyes tell you when its time to empty your Raticator MAX**....$17.35 each. Buy 6 or more and pay only $15.00 each!**

(J) Raptor 357 Magnetic Bait Station (Cat#: ACRAPTOR357) - Features a unique, magnetized patent-pending system that allows you to attach the bait station directly to the underside of dumpster, food service equipment and even the back of metal doors. The Raptor 357 is virtually indestructible with a powerful magnetized grip. **Dimensions:** 13.5" x 8.75" x 2.75". **Product Features:** Elevated interior feeding tray keeps your bait dry and more desirable • Streamlined positioning ensures rodents quick and easy access • Deters unwanted entry and tampering by children • Hidden placement from children, pets and non-target animals • Tamper resistant: instantly locks when closed • Stealth placement reduces theft and ensures safety. *Bait not included**.....$24.95 each. Buy 6 or more and pay only $21.40 each!**

(K) Raptor Edge Magnetic Trap & Bait Station (Cat#: ACRAPTOREDGE) - Featuring the same ingenious magnetized fastening system as the Raptor 357 (see above) with the addition of clips to securely hold a rat sized snap trap along with the bait. Perfect for Recycle Facilitation, Transfer Stations, Landfills, Commercial Buildings, Warehouses etc. *Bait and snap trap not included**.....$29.55 each. Buy 6 or more and pay only $25.00 each!**

(L) Raptor Snap Base Frames (Cat#: ACRAPTORSBF) - The new SB-357 snap trap attachment system is streamlined for quick positioning. The SB-357 will allow for stealth and easy placement to any surface that is metal or steel. Just push your snap trap (separate purchase - see below) into place until the tabs click and securely holds it in place. Electronic Nuisance Animal Control

(A) Transonic PRO Pest Repeller (Cat.#: ACTRANSONICPRO) - "Psychoacoustic Jamming" Electronic Solution for more commercial applications. Drives pests away with sounds they can't stand! Versatile ultrasonic/sonic pest repeller repels all pests including: Small animals (i.e. raccoons, skunk, squirrels and more!), bats, rats and mice, spiders, fleas, ticks and other flying and crawling insects. Intense, variable pitch ultrasonic and sonic sound waves repel pests. This noisy, hostile, dynamic sound environment is intolerable to pests, yet friendly to pets, humans and the environment**.....$80.00 each! Buy 3 or more and pay only $66.95 each!**

(B) Critter-Gitter™ (Cat.#: ACCRITTERGITTER) - Detects animals via infrared body heat and motion detection as they enter a protected area and emits a startling, high-pitched sound. High intensity flashing lights and changing sound patterns prevent animals from becoming accustomed to just one sound. Unit resets itself automatically. Great for camping in Bear Country! **.....$95.65 each. Buy 6 or more and pay only $80.90 each!**

(C) Critter-Gitter Enhancer (Cat.#: ACENHANCER) - Accessory to the Critter Gitter for situations that require more versatility. It comes equipped with a jack that plugs into the Critter Gitter. It is activated by the Critter Gitter and works off the same battery. It adds extra sirens and flashing lights. The Enhancer is easy to mount and provides many ways to customize the Critter Gitter system**....$68.20 each. Buy 6 or more and pay only $58.30 each!**

(D) Nite Guard Solar™ (Cat.#: ACNITEGUARDSLR) - Based on scientific research, a flash of light implies to all animals that hunt or feed at night that they have been "discovered" or are being watched. This is their deepest fear and forces them to flee the area. A simple, but effective concept. Use the Nite Guard Solar to protect poultry and livestock against coyote, fox, bear, mountain lion, wolf, bobcat, owls, hawks, mink, weasel and skunk. Protect gardens, orchards and vineyards against deer and raccoon. Guard bird feeders, Purple Martin houses and fish ponds against raccoon, hawks, owls, blue heron and bear. Defend campsites, cabins, and property against bear, raccoon, mountain lion and even human intruders. Solar powered. NO batteries needed. Automatically turns on at dusk and off at full daylight. This weatherproof unit will last approximately 3 years with continual use**.....$29.40 each. Buy 6 or more and pay only $24.50 each!**

Hotfoot™ Electrack A.S.™ Bird Shock Track - Complete Systems

Hot Foot's re-designed Electrack A.S.™ makes a giant leap forward in track design. Lower in profile and with a smart new configuration, it has all the advantages but none of the disadvantages of the original track. The previous design required the track to be secured to the surface every foot, or stretching and sagging could occur. The new Electrack A.S.™ (patent pending) design will not stretch and only needs securing every 15-20 feet, saving you installation time and money. The clear plastic bends around corners and blends into any surface. Features: Anti-stretch connectors molded into the base to prevent Electrack A.S.™ from bowing and stretching in strong winds and sagging over the edge of ledges.

Electrack 110V Bird Shock Track Kit (Cat#: ACKITELECTRK110V) - This complete system includes the following components:

- (1x) 110 Volt AC Power Charger,
- (2x) 50 foot rolls (100 ft. in total) of bird shock track constructed of clear, fire retardant PVC that will not support combustion. Track has closer conducting wires for increased effectiveness in repelling small birds and superior water drainage. Flexible to bend around corner pieces.
- (2x) 50 ft. rolls of 10,000 volt insulated Twin Cable Lead Out Wire used to run from the power box to the electrack and also to join one track to another. Gray outer coating color.
- (2x) Terminal Blocks for connection of Twin Cable Lead Out Wire to Electrack conducting wires to ensure that short circuiting will not occur.
- (2x) Connector Crimps (100/pkg.). Simply twist together to connect track wires together, insert into the crimp and crimp tightly

.....$574.85 each. *Retail value of individual components if purchased separately is $826.65 each. Save over $250.00 !!

Electrack Solar Powered Bird Shock Track Kit (Cat#: ACKITELECTRKSOLAR) - This complete system includes the following components:

- (1x) Solar Charger Powerbox and 6-Volt Rechargeable Battery.

Lure Making Ingredients

All essential oils and essences come in 1 oz. Boston round type glass bottles and are clearance priced at only $5.00 each while quantities last!

Ambergris (Cat.#: ACLUREINGAMBRGS) - An excellent, powerful fixative used in lure formulation. Use sparingly!
Banana Essence (Cat.#: ACLUREINGBANANA) - Penetrating, lingering odor of over-ripe bananas. Great on skunk & raccoon, especially during spring/summer.
Bergamot Oil (Cat.#: ACLUREINGBERGMT) - Very fragrant. Use in formulation or straight for bear, beaver, cat, muskrat, raccoon and wolf lures.
Birch Oil (Cat.#: ACLUREINGBIRCH) - Strong, sweet odor used in 'coon, 'rat and beaver lures or straight up.
Canton Musk Oil (Cat.#: ACLUREINGCANTON) - A super cold weather lure ingredient. It's primary use is a fixitive. So effective in its ability to fix odors of other ingredients, it has been used successfully in formulated lures where beaver castor is the dominate odor. Recommended in lures formulated especially for canine.
Caramel Essence (Cat.#: ACLUREINGCARAMEL) - Nice, clean smell of caramel, attractive to many animals but particularly muskrat, bear and raccoon.
Cheese Essence (Cat.#: ACLUREINGCHEESE) **-** A very loud and strong blue cheese odor sometimes used as a call at canine sets. Piercing odor makes it extremely valuable in bait compounds.
Cherry Oil (Cat.#: ACLUREINGCHERRY) - An excellent attractor for muskrats as straight lure, even better in formulation with beaver castor.
Civet Musk Oil (Imitation) (Cat.#: ACLUREINGCIVET) - A rare ingredient, powerful and lasting. Attractive to almost any animal. Often used in formulating fox and coyote lures. Western trappers report great success using this in the winter months.
Fennel Oil (Cat.#: ACLUREINGFENNEL) - One of the finest lure ingredients of all time. Excels in formulas for raccoons, muskrats and a great addition to beaver lures where castor is present.
Loganberry Essence (Cat.#: ACLUREINGLOGAN**) -** One of the finest attractors. Very fragrant. Used in Fox, Coyote, Raccoon & Possum lures. Also used straight.
Lovage Oil (Cat.#: ACLUREINGLOVAGE) - A passion ingredient of the first order used in canine lures. They say it makes canines amorous. One of the most powerful, valuable ingredients ever offered to the trapping fraternity. Use sparingly!
Muscaro Musk (Cat.#: ACLUREINGMUSCARO) - Syrup consistency, viscous in cold weather. It's musky odor is highly attractive to most furbearers. Highly recommended for 'rats, 'coons, beaver, fox, coyote and wolves. Can be used straight.
Peppermint Oil (Cat.#: ACLUREINGPEPMNT) - A raccoon and muskrat attractor second to none.
Persimmon Oil (Cat.#: ACLUREINGPERSIM) - Use this fine oil to attract coyote, fox, deer, beaver, muskrat and raccoon. Sweet and lasting.
Phenyl Acetic Acid Liquid (Cat.#: ACLUREINGPAALIQ) - Honey-like odour. Very attractive to raccoon and bear. Used in various types of lure products.
Rue Oil (Cat.#: ACLUREINGRUEOIL**) -** Used as both a fixative and a carrier, Rue Oil has been considered a secret ingredient in fox and wolf lures for many years.
SFE - Synthetic Fermented Egg (Cat.#: ACLUREINGFEREGG) - Mix with coyote or fox urine. Can be used straight on post sets. Creates a urination urge.
Sweet Flag Oil (Cat.#: ACLUREINGSWTFLG**) -** Also known as Calumus. Top attractor for raccoon, beaver and especially muskrat. Used straight or in formulation.
Valerian Oil (Cat.#: ACLUREINGVALOIL) - A pure, powerful product used in many formulation's for fox, coyote, wolf, raccoon and wildcats.

Insect DEFEND Patch (All Natural – NO DEET – Mosquito Bite Deterrent)

(Cat.#: ACDEFENDPATCH) - Insect DEFEND Patch is a transdermal patch that gradually releases a 75 mg dosage of Vitamin B1 (thiamine-based formulation) into the dermal skin layer of the body. It becomes fully effective 2 hours after application as it absorbs into the bloodstream. The Vitamin B1 is then slowly released through the skin's sweat glands and pores. Combined with the body's own chemistry, it produces a virtually odorless and invisible "barrier" that shields the user from mosquitoes and other biting insects. The DEFEND Patch contains no pesticides (like DEET) and is totally safe for use on children as young as one year.....$8.95 each (5-pce. Family Pack).

Dog Training Scents

Made from a 50 year old recipe and passed down generation after generation, these are proven formulas for training or breaking your sporting dogs.

All Western Rivers Dog Training Scents come in 4 oz. plastic bottles. Was ~~$8.85~~ each. Now only $5.00 each!! Limited supply. Available only while quantities last.

Coyote Train (Cat.#: ACDOGTRAINCOYO) - This is the most proven of all coyote training scents. Used by coyote hunters throughout the mid-western and southern states, this starting scent really works. Excellent for exciting the young hound and starting his interest on coyotes. Use as a drag scent for best results.

Fox Train (Cat.#: ACDOGTRAINFOX) - Made from natural fox extracts with an added enhancer, this scent is great for training young fox hounds and working older hounds. This formula will keep your fox hounds close to trail and show you results.

Rabbit Train (Cat.#: ACDOGTRAINRABT) - A special gland recipe from the "ole" hare family that will keep a pack or even a single young beagle hound hot on trailing his game. An ideal scent to start your hound(s) and keep them active. Use during the off-season to excite their tracking ability.

Raccoon Train (Cat.#: ACDOGTRAINCOON) - Ideal blend of natural musks from the raccoon that will really excite your hound. Use recommended amount on training drag to assure the best results. A proven training scent used for years by trainers.

Wild Boar Train (Cat.#: ACDOGTRAINBOAR) - A natural extract from the wild boar that has been formulated into a high yield train scent. Trains your hounds to scent out the wild boar and trail until it is bayed. A great drag training scent.

Dog Breaking Scents

Dog Breaking Scents

All Western Rivers Dog Breaking Scents come in 4 oz. plastic bottles. Was ~~$8.85~~ each. Now only $5.00 each!! Limited supply. Available only while quantities last.

Coyote Break (Cat.#: ACDOGBREAKCOYO) - Stop your valuable hound from chasing the coyote with this scent. This formula offers the aroma of the coyote with an unpleasant surprise for chasing the scent. Aggressively stops the hound from trailing this game.

Deer Break (Cat.#: ACDOGBREAKDEER) - This is the #1 breaking scent that we offer. Made from the glands of the elusive whitetail that originally attracts the hound with an active ingredient that makes them stop. Use immediately after the trailing of unwanted game and as often as needed until the hound stops. Apply to scent collar and rescent before hunting. Will not affect the dog's ability to track desired game.

Fox Break (Cat.#: ACDOGBREAKFOX) - An ideal blend of ingredients formulated to stop your hounds from chasing the sly old fox. This break scent resembles the smell of the fox with an ingredient that will make your dog stop trailing. Use immediately upon the trailing of unwanted game.

Rabbit Break(Cat.#: ACDOGBREAKRABT) - A robust scent of the rabbit with an unpleasant odor to make your hound stop trailing the ol' hare. Apply to the scent collar on the hound and rescent before hunting. Will not affect the dog's ability to trail desired game.

  - Complete Address
  - Telephone Number
  - Halford's Item/Catalogue Number

  When you receive your RMA number, please write it on the outside of the package in large, bold print and also on a copy of the original invoice. Include this invoice in your package with a written statement indicating the reason for the return.

  - Please be advised that Halford's reserves the right to refuse delivery of products returned without an authorized RMA number as indicated in our Returns procedure.
  - Items returned without an authorized RMA number may additionally be subject to a 20% restocking fee.
  - Any merchandise returned to us must be unused, undamaged and with original packing materials and documentation (e.g. Assembly Instructions, Owner Manuals)
  - All shipping charges are to be prepaid. We DO NOT accept C.O.D. returns.
  - Shipping charges are non-refundable, unless otherwise authorized.
  - If exchanging a product, the customer will be responsible for the cost of the return freight.
  - Halford's ***DOES NOT ACCEPT LIABILITY*** for lost, stolen or damaged packages. Please use a carrier that demonstrates proof of delivery and offers insurance to your shipment while in transit.

- **Non-Refundable Items**

  - We DO NOT accept returns for Books, Patterns, Videos, DVD's, Clearance items or food related products (such as spices, seasonings, cures, collagen or natural casings). **All sales are final for these items.**

MANITOBAH MUKLUKS MANUFACTURER'S WARRANTY DETAILS

All **Manitobah Mukluk products** are covered by a "Material and Manufacturing Defect Warranty" for a period of 90 days from the date of the original bill of sale. This warranty does not cover excessive wear and tear and/or products that were used outside of their intended purpose.
Issues related to the "Natural Product Limitations" cannot be covered by this warranty. The "Natural Product Limitations" include the following:
(i) Fur sheds naturally over time and frequent friction will cause the fur to shed much faster.
(ii) Crepe soles should only be used for light outdoor use. Moccasin soles are meant for indoor use only. Similar to the crepe sole, suede soles are not capable of withstanding outdoor wear in general.
Please be careful with your pompoms and do not pull hard on the ties. It is best to tie your mukluks once in a good knot than to keep retying them.
Call us for information on how to send your Manitobah Mukluks to the manufacturer for repair.

Dear Valued Customer,

Due to the recent decline in value of the Canadian Dollar, Halford's has been left with very little choice but to implement a price increase effective March 1, 2015. We have made every attempt where possible to limit this increase to products directly affected by currency exchange rates.

Thank you in advance for your understanding, support and continued patronage.

The Staff at Halford's

Thank you to all who participated in our recent Slogan Contest. We received many great entries but one stood above the rest. Halford's would like to congratulate **Mike Demarchi** for his winning words **"Unique Beyond Compare."**
